Commissioners To Repay Funds

Grand Jury Urges Tighter Control Of Housing Funds

Investigations into the activities of the operations of the Contra Costa Housing Authority were concluded Monday night with no indictments returned according to William M. Hale, Jr., foreman of the 1957-58 grand jury.

"The investigation showed the need for: (1) more direct control by our County government over that phase of public housing which is within County jurisdiction and, in particular, control of the so-called relinquished funds;

"(2) Improved procedures for handling Housing Authority traveling expenses.

"MISUNDERSTANDINGS of the rules governing these expenses resulted in certain Housing Commissioners exceeding the amounts missioners exceeding the amounts allowed, and the jury has obtained written agreement from the individual Commissioners to return these excess drawings to the County within 30 days.

"The total amount refundable is $1,578.80," Hale stated.

"The Housing Authority is one of many autonomous government entities within our county. It is our opinion that from the standpoint of efficiency and economy these agencies should be brought under the direct supervision of the county in all matters concerning finances.

"This opinion is supported by a recent survey conducted by a consultant firm, hired by the Board of Supervisors, which states — long-range consideration should probably be given to the integration of the work of the Housing Authority with regular county functions," Hale noted.

COMMISSIONERS OF the Contra Costa Housing Authority and some of its employees spent a total of over $18,000 in Authority funds on trips to conventions and the like over a four year period, according to the findings of an investigation conducted by the Sun into the records of the county housing agency.

The expenses were incurred by commissioners and employees on trips to the east coast and throughout California.

DURING THE past weeks, the county jurors have heard testimony from the commissioners of the authority, J. J. Sullivan, federal investigator, the authority's auditor and a resigned commissioner.

The Huosing Authority of Contra Costa was first charged with irregularities by Fred Anthon, ousted maintenance superintendent.

As a partial result of his charges, Ronald A. Howard, former executive director of the authority was convicted of stealing government pipe for his home in Alhambra Valley and was sentenced following a jury trial in federal court to 18 months at McNeil Island Federal Prison.

He is now serving his term there.

Answers to the charges of irregularities first printed in The Sun were made by Anthon, April, 1957.

The past grand jury directed the commissioners of the authority to answer the charges alleging a number of irregularities in the operation of the county agency of the Public Housing administration.

Which directors will pay back the money in question and in what amounts will remain a secret, Hale said.

Facts, Story by Sun Lead to Jury Action

The facts behind the expenditures in excess of allowable Housing Authority funds, were first brought to the attention of the Grand Jury by a story printed in The Sun in December of last year.

The facts were compiled by Sun reporter Bob Rapida, who wrote the story. Subsequently, Rapida and Sun publisher Herman Silverman appeared before the Grand Jury to explain the situation.

Following this meeting, the Grand Jury carried out its own investigation leading to the action taken recently, a full report of which will be found in the adjoining story.

Orinda Assn. Plans Query

Members of the Orinda Association Board of Directors Monday made plans to query Orinda residents in the fall on major issues with which the Association should be concerned.

Board members are planning, in November, to mail questionnaires on community issues to all residents. The questionnaires will be enclosed with the ballots for the election of Association officers.

In other business Monday, Board member Harry Booth was instructed to draft a letter to Mr. and Mrs. Joseph Downs, who will produce the community show for Orinda, that the Association will assume financial support for the production.

Library Work Bogs Down As Crew Hits Water

By FRED HILL

The construction company working on the site of the Orinda Library recently hit a "gusher," Library Board President Perc S. Brown told The Sun this week.

The "gusher," he said, was in the form of mud and water which was encountered when the firm sank footings. Correcting the situation created an added expense and has put the library construction progress several weeks behind schedule.

At present, Brown stated, the library fund needs approximately $13,000. If it is not obtained, he commented, "We Orindans will find ourselves with a pretty good library . . . but we'll be sitting on the floor along with the books."

He said that presently there is little or no money available for furniture, book shelves, and equipment.

"WE NEED ABOUT $13,000 of new money," Brown said, "to complete this project. No one, in building anything, can foresee everything, and we are having the same experience. Some other unavoidable contingencies will probably arise."

"We have to allow for insurance premiums," he said, "for various kinds of insurance, and for furnishings and equipment. Unless the new money does come in, we Orindans will find ourselves with a good library but nothing to go in it."

On recent construction difficulties, he added:

"Construction of the new library is about three weeks behind schedule. In putting down the footings, the contractor, C. Overaa, ran into mud and water in some locations. Other holes were relatively dry. However, we had to drive down heavy pipes of large diameter, pump the mud out, pour concrete in. and withdraw the pipes.

"SOIL ENGINEERS had tested the soil prior to the start of construction but this condition did not show up at the particular locations where the test borings were taken.

"The result of this situation had to be corrected despite the added cost."

Brown expressed the appreciation of the Library Building Fund to the California Historical Society for two glass-covered library display cases, which were given the library for a token sum. When new, he said, the cases cost about $350 each. "Mrs. Bertha Hellum, County Librarian, helped us greatly in this matter."

He added: "Art-lovers will be glad to know wall space of approximately 160 square feet has been allowed for in the plans and will be provided for display of art works. Extra electrical outlets are to be installed during construction, however, money for extra lighting fixtures is not available."

Brown said the main reading room of the library will be named "The Fiesta Room" in appreciation of the support given the library project by the Orinda Fiesta group."

Subdivision At Rheem Ok'd By Planners

The County Planning Commission Tuesday approved a 22-lot subdivision located about ¾ of a mile south of Rheem Shopping Center in the vicinity of the Rheem mansion.

Owner of the land is Donald L. Rheem. According to the Planning Commission, lots on the subdivision will be considerably larger than the quarter-acre minimum called for in zoning. The new subdivision will be west of Moraga Road and is in the Moraga area.

In other business, the Commissioners adopted the Moraga Master Plan, as revised by the planning staff.

The Master Plan will come before the supervisors this winter or early next spring, according to supervisor Melvin Nielsen.

Rotary Hears Weinberger Talk

The Orinda Rotary Club Wednesday heard Casper Weinberger, State Assemblyman from San Francisco, speak on California's water problems.

Weinberger traced recent battles in the state legislature concerning the north-south water wrangle.

He said that he saw a parallel between the state's water problems and its education situation. The state, he said, has solved education problems by supplementing local districts. The same, Weinberger said, could be accomplished with water problems.

Robeson Smith presided at the Wednesday meeting at the Orinda Willows. Joe Longacre was program chairman.

County Grand Jury Charts School Survey

The Education Committee of the County Grand Jury met Tuesday evening with the Orinda, Canyon and Moraga School Boards for initial talks on a forthcoming county-wide survey of Contra Costa schools.

The three local school boards have been asked to fill out a 20-questionnaire form concerning the individual districts.

These questionnaires, with others from county school districts, will be compiled into an extensive survey and report by the Education Committee of the Grand Jury.

Questions deal with such matters as size of the districts, number of personnel, duties, school boundaries, feelings toward adpacent districts, site planning, event planning, and future plans.

Tuesday night's meeting was at Pine Grove School. The Orinda School Board met later in the evening for a work session on budgets.

Regular meeting of the Orinda School board will be this Monday, 7:30 p.m., at Pine Grove School.

Electric Trimmer 'Hot Wire' Causes 'Ted' Counter Death

A "hot" wire grounded against the inside casing of an electric hedge trimmer has been listed by Walnut Creek police as the cause of the electrocution death of former Mayor E. C. (Ted) Counter, Jr.

Mr. Counter, 62, was killed Saturday afternoon, as he was trimming bushes on a recently watered portion of his orchard estate at 2161 Walnut Boulevard. Walnut Creek.

He was discovered by his wife, Jeanette, and a helper, T. B. Running of Berkeley, lying face up near a collapsed ladder, still holding the trimmer.

THEY DISCONNECTED the trimmer and called police and Central District firemen, who applied a pulmotor to the victim without results. He was then rushed by ambulance to Kaiser Hospital, where he was pronounced dead.

It was thought at first that Mr. Counter, who had been active in local activities for the 16 years of his residence had died of heart failure due to over exertion. Both he and Mrs. Counter had been working hard to get their home and ground in good condition for the summer.

However, an autopsy performed by Dr. William Bogart revealed burns on the chest, left forearm and on the T-shirt which Mr. Counter had been wearing. Dr. Bogart confirmed that electrocution was the cause.

Running, who was first to notice "Ted" Counter lying on the grass, commented that the victim had complained earlier in the day of getting a slight shock from the trimmer.

POLICE OFFICERS noted that the victim had been standing in a damp portion of the lawn which had been recently watered, that he had been perspiring to some degree due to the exertion, and that these factors would assure a good "ground" for any high voltage seeking a place to go.

The trimmer is operated from a standard 110 volt current, which is dangerous only to the degree that a good "ground" is provided.

The trimmer was made in Chicago by Skilsaw Inc. It had a 12-inch cutting section, and was adapted with a 40-inch, smooth how metal rod for a handle. There was no insulation on the handle, although three strips of tape circled it to secure the electric cord.

Police said that it had been recently repaired in San Francisco, and this was the first time it had been used since its return.

THE SHORT circuit itself occurred inside the motor section of the trimmer, when a wire carrying a positive current was exposed through its own insualtion and touched the interior of the trimmer.

The police officers also noted that the electrical outlet which was connected to the cord was a "two--pole" type, rather than a "three-pole" type, which provides "short."

The death of Mr. Counter was received in Walnut Creek with considerable shock and remorse, even by those persons who had disagreed with him on civic matters in recent years.

His years of service to the city and enthusiastic efforts to bring improvements were recalled by Chamber members and city officials.

PRIVATE FUNERAL services were held in San Francisco on Monday.

Survivors include Mr. Counter's mother, Mrs. Martha Counter, and a sister, Mrs. Dorothy Barr, both of Fair Oaks, Sacramento County.

It was announced that a Walnut Creek Library memorial fund had been created in recognition of Mr. Counter's efforts towards financing and establishment of a new library. Mrs. Leonard Ford has been authorized by the Counter family to administer it. Contributions may be send to the fund in care of Postmaster Larry Bornholtz(Walnut Creek Post Office.

E. C. COUNTER

Incorporation to administer fund money will be accomplished, said Mrs. Ford.

"TED" COUNTER and Jeanette came from San Francisco 16 years ago.

An authority on California Indian relics and history, the husband spoke before many clubs on the subject. The Counter home has many historical items. Mrs. Counter had formerly owned and operated the old Art and Garden Center where the Kaiser Hospital is now located.

Ted Counter was a Walnut Creek councilman from 1954 to ast April and served as mayor during the first three years of his term. He is among those who worked hard towards the implementation of the Little Master Plan for street improvement.

This year he was serving as president of the Mt. Diablo Chapter of the Red Cross. During the past two years he had been in real estate, and was a member of the Contra Costa County Real Estate Board.

He graduated from the University of California in 1920, and for many years worked for an engineering supply company in San Francisco. He served in the Coast Guard in World War I.

He was named 1957 "Man of the Year" by the Walnut Creek Sun, and was honored at a banquet also held for the Junior Chamber of Commerce "Young Man of the Year."

Strike Sanction is Given To Carmen's Division 192

Thousands of Contra Costa commuters may return from a three day holiday to face miles of snarled traffic in Alameda County and on the Bay Bridge if Key System carmen walk out on strike midnight Saturday.

The yearly plight of the commuter, Key System-Carmen's Union contract negotiations, is on the fire right now and after two weeks of contract talks, will come to a head sometime after midnight Saturday.

ALTHOUGH MOST CONTRA COSTA residents do not use Key System services, all Oakland, Berkeley and Alameda County residents, who normally use Key System facilities, will be driving, should a strike develop.

As in the past Contra Costa Commuters and shoppers may find themselves hopelessly ensnarled in the downtown traffic trying to get across the bridge or to offices and shops in the service area of Key System.

The Alameda County Central Labor Council authorized Key System Transit Lines' employees to strike anytime after the current contract expires, midnight Saturday.

The 1300 members of Carmen's Union Division 192 received strike sanction Monday night as the council approved the recommendations of its own executive board that approval be given.

VERN STAMBAUGH, president of the Division of Carmen, stated that no progress has been made "as yet."

The drivers of Key System now receive $2.08 an hour, Stambaugh stated. The carmen seek an increase to somewhere between $2.28 being paid in San Diego and the $2.44 which will be received by carmen in San Francisco, July 1.

The company has been holding to an offer on a one cent per hour increase for each point increase in the Bureau of Labor Statistics Consumer Price Index. The company, Stambaugh said, also wants to cut pay one cent per point if the cost of living declines.

OTHER DEMANDS of the union include fringe benefits and changes in paid hoidays.

Meanwhile, the Alameda Contra Costa Transit District went into action in event of a strike by calling a press conference in the district's headquarters for noon today.

The Sun learned from a high transit district source that in all probability the transit district could not enter into the contract negotiations from a legal standpoint nor could it take over the operations of Key System should a strike develop.

THE OFFICIALS NOTED that it would be highly unlikely that the district would attempt to lease Key System facilities to continue transportation for shoppers and workers since its "futile attempts of last year."

The source was referring to the attempt of the transit district just one year ago, seeking to lease Key System's lines in the event of a strike.

A strike, however, was avoided by Key System granting a 10 cent increase to its carmen.

At that time, as reported in The Sun, "The district has had little, if any, success in presenting its lease proposal to Key System," Robert Nesbit, secretary-attorney of the district, stated.

ANOTHER INDICATION that the transit district would not envolve itself in lease operations is the fact that it seeks to purchase Key System and has announced it will attempt to present a bond issue for that purpose on the November ballot.

"The only way in which the district may take over complete operations of the Key System is by condemnation proceedings or direct purchase—the lease would just be temporary," the official opined.

Throughout the central county area the question posed was: "What happens if there is another 77-day Key strike as in 1953?"

ONE FACTION of Key System users noted that because of the existing econimic conditions a strike is impossible. Another group said, "Those bus drivers are mad—they'll get their money or stay off the job forever this time."

Basement 'Bomb' Injures Youth

The Lafayette area had one of its first "Missile Age" casualties early this week when a 12-year-old Upper Happy Valley youth was injured in a basement explosion.

Hospitalized with face and leg injuries is Robert Scheu, son of Mr. and Mrs. Arthur C. Scheu, 1180 Upper Happy Valley Road. The youth's mother stated that Robert was building "some kind of missile or something" in the basement of the home Monday evening when the blast went off.

Robert sustained cuts on his face, lip and chin. A fragment pierced the side of his leg. Mrs. Scheu said that Robert is now in "fine" condition at Children's Hospital, Berkeley, and should be released by Friday.

She said that her son will suffer no permanent injuries or impairment, save for scars.

"I had just talked to him a few minutes before the thing went off," Mrs. Scheu said. "He had told me he was building something in the basement."

Orinda Vacation Festival Gets Underway on June 5

Orinda's Summer Vacation Festival gets underway June 5 and lasts through June 6 and 7.

"It will be a real opportunity for Orindans to see the very latest in summer vacation items, and to purchase them at appealing prices," according to Al Baer, of the Village Shoe Shop, chairman of the merchants' division of the Chamber of Commerce.

Kedso the Clown, of the Popeye TV program, will be on hand for the kiddies, with special appearances in the New Village Shopping Center, at 10:30 a.m.

To win, Orindans may clip the coupons from the ads in next week's Vacation Festival section of The Sun and take them to the store whose name is printed on the coupon.

There will be a drawing at 2:30 p.m. June 7 in downtown Orinda, both downtown and in The Village, of boats, trailers, sport cars and other summer vacation-fun items.

Orinda merchants will also spotlight summertime fashions, backyard "vacation items," and everything that has to do with summer, Baer said.

Visitors to the downtown section will be in for a special treat, Baer said, because girls from Moraga Valley Nursery will be distributing free flowers.

"No one will have any problem figuring out that it's a vacation festival," Baer said, "because all the clerks will be wearing Bermuda shorts and other 'vacation' clothes. We hope everyone from the area will drop in so that they can see what summer has in store for them."

Summer programs of Orinda Recreation activities will be distributed in all stores, Baer said.

During intermission at Julie Hesse's Dance Festival at Miramonte Aud. Sat. nite, one mere bud of a ballerina made a B-line for her mother pleading "Mommy, Mommy, can I wear my costume to the party tomorrow?" to which the wise mother replied "Darling, if you want, you can SLEEP in it!" After all, a little girl's first TuTu is Big A Moment as a ittle boy's first cowboy boots . . . remember?

St. Mary's Will Begin Senior Week on Monday

A retreat at Christ the King Retreat House in Citrus Heights beginning Monday will open Senior Week activities for Saint Mary's College candidates for bachelor degrees at the annual commencement Saturday, June 7.

Immediately after the final examination, seniors will leave for the Retreat House while lower classmen continue struggling with finals and term papers.

Because of meritorious grades throughout his four years as an undergraduate, one senior is exempt from all finals: Thomas Michael Brady of 1102 Amador Avenue, Berkeley, who will graduate cum laude.

Thomas Blair Estes of 551½ Santa Clara, Alameda, veteran of the Korean conflict, married and father of four, will be class valedictorian.

The De La Salle medal awarded each year to the senior "who best exemplifies the spirit of the Saint Mary's man in scholarship, devotion to the ideals of the college, and participation in co-curricular activities," will be presented to William Hardy, biology science major from Seattle, Wash.

Medalists announced today include Herman Lujan of Hakalau, Hawaii, who will receive the George Robert Milliken award for "unselfish devotion to student affairs," and Alfred P. Collins Jr. of San Leandro, who will receive the Collegian medal for four years of service to the student newspaper. Collins, retiring editor-in-chief of the Collegian, had previously been sports editor and columnist for the paper.

The senior banquet at which graduates will be welcomed into the Saint Mary's College Alumni Association will be held Thursday evening, June 5, at the Leamington Hotel, Oakland. Alumni speaker will be Congressman George P. Miller of Alameda, member of the class of 1912. Toastmaster as well as chairman for the event will be Timothy J. Canty of Oakland.

Friday's program will include the President's Luncheon, at which Brother S. Albert, F.S.C., will entertain all graduating seniors, followed by rehearsal for commencement exercises.

Concluding event for the day will be the traditional "Last Roundup" in the evening.

The Baccalaureate Mass at 9 a.m. in the College chapel will open Saturday's commencement program, followed by breakfast for the graduates and their parents, who will be guests of Brother S. Albert, F.S.C., college president.

Commencement exercises will be held at 2:30 p.m. in Poplar Grove on the campus with the Most Reverend Hugh A. Donohoe, D.D., Ph.D., Auxiliary Bishop of San Francisco, presiding.

85 Organizations Back EBMUD Bond Issue on Ballot

Eighty-five Alameda and Contra Costa County organizations have endorsed Proposition B, the $252 Million water measure on Tuesday ballot reported Charles P. Howard, general chairman of the Eastbay Citizens Committee for Water Development.

The wide cross-section of groups advocating a "Yes" vote include business, industrial, labor, civic and community organizations, improvement clubs and taxpayer associations.

"The bond issue can be financed from EBMUD revenues without increasing taxes or water rates," Howard pointed out.

Assisting Howard on the water development committee are: Kendric B. Morrish and Norris Nash, vice-chairmen; Thad McCarty, speakers bureau chairman; Elvyn C. Evers, finance chairman; K. L. Hamman, public information chairman; and William H. Jamison and Charles Metcalf, endorsement chairmen.

The East Bay Municipal Utility District has delivered more than 800 billion gallons of water to its customers since 1929, according to Joseph D. DeCosta, manager of the EBMUD Water Production Division.

Every drop of this tremendous gallonage was filtered, DeCosta said, pointing out that the EBMUD is the only large-scale supplier of water on the Pacific Coast with a 100 percent filtered supply.

The Utility District's five water treatment plants, using the American type rapid sand filters, are equipped to filter and purify more than 220 million gallons of water daily. This capacity was reached the summer of 1957, DeCosta stated, when for four days in a row water consumption exceeded 210 million gallons each 24 hours.

DeCosta noted that in the proposed Water Development Project for East Bay Area plans call for the construction of two new filter plants and the enlargement of two existing plants over the next 10 years. This will give the EBMUD a filter plant capacity of 350 million gallons daily, which the Utility District estimates it will need by 1967.

Filtration is but one of several purification steps taken to assure the high quality of EBMUD water, DeCosta explained. The water is first aerated to remove gases which may contain tastes and odors, and to add oxygen to the water if needed.

The next step is a process to settle out sediment or foreign particles in the water. The purest water source may contain some sediment or foreign matter at times.

Following this treatment the water flows down through the sand filters. Suspended particles in the water are trapped and held by the sand, as the purified water continues through to the bottom and is collected in perforated pipes.

As a final step before the water enters the distribution mains and reservoirs a small amount of chlorine is added in accordance with prescribed health standards.

"The Utility District's more than one million consumers enjoy one of this country's very few water supplies which is free of chlorine tastes and odors," DeCosta commented. "This is possible," he added, "because the EBMUD has a high quality water to start with, it is carefully protected against contamination, and is given thorough purification treatment at the filter plants before it reaches the chlorinator."

GATHERING AROUND Charles P. Howard, Walnut Creek, who is general chairman of the East Bay Citizens Committee for Water Development, are, standing from left, Kendric Morrish, Orinda; James R. Moore, Lafayette, and William Freeman and Edward Rowland, Lafayette. This group is working hard for passage of Proposition B on Tuesday's ballot, which will insure the continuance of good East Bay Municipal Utility District water in our homes.

Wilson Reviews 'Basic' Courses Over the Years

"The two F's mentioned in the controversy over the schools—fads and frills—have made no discernable inroads on the three R's," said County Superintendent B. O. Wilson.

Wilson pointed out that seven of the subjects originally required for elementary students in 1851 are still required today: reading, writing, arithmetic, geography, spelling, United States Constitution, to which civics has been added, and U. S. history, to which California history has been added.

Seven other subjects required for elementary students in 1851 have disappeared or been absorbed into other required subjects. They are: alphabet, grammar, declamation, physiology, natural philosophy, natural science and astronomy and chemistry.

"In their place," said Wilson, "present day elementary schools are required by state law to teach language study, elementary science, training for healthful living, morals and manners, music and art.

"OF THE SUBJECTS no longer required in elementary schools, the astronomy and chemistry emphasize the changes wrought by 100 years in our educational system," he said.

"Today these subjects are considered unsuitable for elementary age students generally and are not required of all students at higher levels.

"Other subjects have come and gone with the times and in response, often, to pressure groups," commented Wilson. "We have had as required subjects bird life, animal life, and humane education. Even 'Thrift' was once a required course.

"Emphasis on the teaching of morals and manners has been sporadic," said the superintendent. "The course bearing that title was required from 1866 to 1874, resumed between 1887 and 1889 and again from 1909 down to the present."

WILSON ADDED that the arts gained the status of required subjects as late as 1901 for music and 1925 for art, although they were preceded by vocal music and industrial drawing, respectively.

Many former required elementary subjects were in the vocational line "Industrial drawing, bookkeeping, practical entomology, elementary agriculture, manual training and home economics have largely shifted to secondary or adult levels and become elective instead of required subjects." explained Wilson.

"In every era the legislature and other responsible for selecting the subjects to be studied by our youth have been preoccupied with citizenship. In 1866 it was—and still is—the study of U. S. history and the constitution. Civil government and duties of citizenship came and went. So did local government, which is back again. History of California has been required since 1921 and civics since 1925.

"Required subjects and methods of teaching have changed and will change again," Wilson concluded

"Automation and new sources of energy may expand our production beyond anything imaginable today, and the schools would have an intensified problem in preparing children for adulthood that would use leisure time wisely. In such a society I am sure there would be some who would look back on the 1950's as the good old days," he said.

Danger of Rabid Animals Is Described

"Having your dog vaccinated and teaching your children not to play with or tease stray animals is your family's best protection against rabies," Dr. Elvira Goettsch, Assistant Health Officer, said today.

She stressed ways of helping to protect family and community in this newly declared rabies endemic area. These include being aware of unusual behavior in any animal, wild or domestic.

If a pet displays a marked change in temperament or becomes ill, confine it to the yard and notify local pound or veterinarian. Any pet, stray or wild animal is a potential rabies carrier.

Council Honors New Journeymen

The Contra Costa Apprenticeship Council honored 44 new journeymen last night at the Ninth Annual Completion Ceremony in Mira Vista Country Club, Richmond.

The program combined recognition of apprenticeship achievement with dinner-dancing and professional entertainment for 250 guests.

Charles F. Hanna, Chief of the Division of Apprenticeship Standards, presented State trade certificates to those who completed four to six-year apprenticeships in the automotive, carpentry, electricians, painters and decorators, plumbers and other trades.

They represent ten per cent of the total 435 registered apprentices in Contra Costa County.

E. F. Stark, council general chairman, was master of ceremonies. Rev. Morris H. Roach, Richmond Presbyterian Church, said the invocation and benediction.

The guest of honor was R. D. Freeman, retiring carpentry instructor from Antioch High School.

Achievements of the new journeymen and of the apprenticeship training program as a whole were commented upon by the Contra Costa Board of Supervisors when they declared the month of May to be "Apprenticeship Month."

In a 500-word resolution, the Board cited the cooperative leadership of labor and management, local public schools, State and Federal apprenticeship agencies, and pointed out the continuing need for skilled craftsmen.

Currently, the Board noted, there are two important objectives — stimulating the development of a higher level of skilled workers in industry and stimulating industry itself to provide more adequate on-the-job training opportunities.

New journeymen, listed by trade include the following:

Automotive Trade: Harold T. Courage, Star H. Plaskett, Walnut Creek; Douglas Edwards, Lafayette.

Carpentry: W. Jud Boies, Lafayette; Eugene Beadleston, Walnut Creek.

Martinez City Manager Claim Is Discounted

Charges of ousted Martinez City Manager Gerald F. McMahon alleging he was fired by the Martinez city council for not permitting "a wide open town for gambling," were flately discounted this week by three members of the city council.

Martinez mayor Robert Williamson, and councilmen Jack Fries and Dan Sedar denied the former city manager's chargese as being "absurd and ridiculous."

McMahon's ouster was voted three to two recently by the city council.

The Contra Costa County Grand Jury has been called in on the investigations by Sedar to investigate McMahon's claims.

Builds you up...as it cools you off!
Nothing quenches your thirst like a long, cold glass of milk! That's because milk is nature's "double-duty" drink. From the first, cool sip it's refreshing as a north breeze on a hot day. But, more than that—milk *keeps* you refreshed long after the glass is empty, because it replaces energy-protein your body burns up fast.
So—for refreshment that builds you up as it cools you off—make *your* drink MILK!

'Sleeping Prince' Gives Dramateurs 'Day in Court'

by FRED HILL

In the best of courtly tradition, the Dramateurs bowed, swept and scraped their way through Terence Rattigan's "occasional fairy tale," "The Sleeping Prince," last weekend at the Berkeley Little Theater.

Technicolor movie addicts may have recognized the sovereign sheenanigans as "The Prince and the Showgirl," which featured a man named Olivier and a woman named Monroe in the lead roles.

As His Royal Highness, The Grand Duke Charles, Prince Regent of Cararthia, and as just plain ole Mary Morgan, princess regent of the local follies, Bruce Winkworth and Alice Swenning provided as much levity as did their Hollywood forerunners.

AS BEST WE COULD, under the dim glow of the proscenium lights, we scribbled a few notes from the dialogue, in an effort to clarify the theme of the comedy.

As for the title, somewhere in the first act, the Prince Regent says to the showgirl words to the effect of: "Look, baby, I'm tired of all this royalty routine and as for my wife—she's got blue blood in her veins but she's got the emotions of a cake of ice. It's like the fairy tale,'The Sleeping Princess," only I'm the sleeping prince, just waiting for a doll like you to bring me out of cold storage."

Hence the title.

Also, somewhere around the first magnum of champagne, Miss Swenning, who plays Miss Morgan (whose stage name is Alice Dagenham) says to the prince (and again we paraphrase):

"LOOK, YOU BIG handsome hunk of medallions, I'm not just a mechanized Geisha girl . . . I'm a real girl that you can reach out and touch."

Which is, indeed, the Prince Regent's abiding desire.

Scene of the play is set in the royal suite of Carpathian legation in London. The time is pre, just pre, World War I. The Prince and members of his court are in town to attend the now-playing coronation.

Between matters of court, however, the Prince's regal libido was stimulated by Miss Morgan when he happened into the follies.

They meet in the Prince's chambers by arrangements of Count Trigorinsky, major domo to the prince, played by Paul Pollazek. Pollazek's portrayal of the Count, after the manner of Edward Everett Horton, is a highlight of the production. He is fawning and sycophantic, everything a major domo should be; and extremely funny, everything the part calls for.

ON THE ROMANTIC line, as things turn out, the hunter becomes the hunted when Actress Morgan pulls a switch and falls in love with The Prince, a bondoir Machiavelli if there ever was one.

Miss Swenning, as the showgirl, does an excellent job in her portrayal, combining a wispish and naive charm with Yankee shrewdness — and her native attractiveness.

On top of the antechamber frolicking, uncorking of vodka and champagne bottles, curtsying of lackeys, and other matters relegated to the Department of the Interior, the plot deals with a few other things—none of them particularly important to the matter at hand, namely lovemaking.

Carpathia is in a state of near-revolution. Interntional relations are on "The Brink." The Prince's son, King Nicholas, played by Jim Gibbs, is eager to take over the reigns.

LEGALLY HOWEVER, King Nicky has to wait 18 months until he's old enough to assume the duties of the high office: Mainly drinking and making love.

Rattigan's "fairy tale" is delightful comedy and the Dramateurs have done a good job of carrying it off.

As Countess von under zu Meissonbronn, lady-in-waiting the Grand Duchess, Gloria Knickerbocker provides almost as many hilarious moments as does her male counterpart, Mr. Polleczek.

Edith Dinkin, does a fine job of portraying the aloof, addelpated and asexual Grand Duchess.

Others in the cast are Jewel Scheeline, as the Archduchess of Styria, Tina Dinkin as The Princess of Styria, Leonard Nachman as an attache to the Grand Duke, Eva Nunn as a lady-in-waiting, Charlie Gibbs as a butler, Gary Lawrence as a footman, and Lyn Vaux, as a groom.

CUSTOMING FOR the production was elaborate. Aiding in the costume department were Jim Harris, Katie Gensey, Peg Stanislawsky, Helen Gibbs, Dorris Stillson and Beth Culp. Jewelry was designed by Mr. Harris.

Stage setting was designed by Charlottee Chapple, who is also technical director and who also functions as "court hairdresser." Stage manager is Mary Tokich and lighting is by Bob Engel.

The play was produced under the direction of Carl Rassmussen who was aided by Helen Blankenburg and Katie Genesy.

On opening night, last Friday, some of the last, notably the leading lady, had a tendency to "rush" their lines, before the audience had the full opportunity to get the full comic impact. Otherwise the production offered little to criticize.

"The Sleeping Prince" is a relaxing evening of comedy, especially in the comfortable and attractive Berkeley Little Theater, at Allston and Grove.

The play's final two performances are this Friday and Saturday night. Curtain time 8:30.

This summer the Dramateurs plan a Theater in the Round at Lafayette Town Hall. "The Chalk Garden" is set for July 18, 19, 25 and 26. "The Desk Set" plays August 1, 2, 8 and 9.

Claremont Luncheons Draw Crowds

The "Wednesday at the Claremont" fashion-show luncheons have attracted a score of localities during the past month. Among these was Mrs. James L. MacDonald of Orinda, new president of the Merritt Hospital Volunteers whose group was honored May 14 in the Garden Room and adjoining patio.

The flower-decorated tables offered an ideal spot for officers and committee chairmen who over lunch and between fashion-promenading, finalized plans for the Child Development Guild's Butterfly Fete held at the Murray Lehr home in Lafayette last Wednesday. The no-host table included Mrs. Ernst Flener of Walnut Creek.

Among local suburbanites attending the Merritt Hospital Day were Mesdames John L. Gompertz, Bruce Anderson and Frank Fosburg of Orinda and Mesdames Paul Samson and R. C. Lewis of Lafayette.

A birthday was celebrated at a cozy table for two. Mrs. Ed Hanlon of Orinda was the honoree, her hostess, Mrs. W. J. Dodson, also of Orinda.

A week earlier, members and guests of the Mt. Diablo Therapy Center appeared to have chalked up a record attendance for the afternoon this group was honored with Mrs. Charles Smith of Orinda joining the models. Mrs. W. C. McLaren of Walnut Creek was hostess to a table that included Mesdames Ott Gardner, John Raley, Ric Maurer Jr., and R. A. Leland, all of Walnut Creek. Also from this area were Mrs. E. E. Wanous who was hostess to the Mesdames Rupert Leurs, W. J. McQuire, Frank Lord, Ferris Fain, William Phelan, Armend Welle, all of the suburban city.

A duo for lunch was Mrs. A. H. Thompson, president of the Orinda Orioles and her guest Mrs. T. L. Reynolds of Oakland. Another large gathering included Mrs. Harold Staff, hostess with Mesdames David Brain, Carl Moore, A. C. Chapell, J. R. Smith, Robert Bettencourt, William Cary, all of Orinda and Lafayette who were honoring birthday celebrant Mrs. George Kozak of Orinda.

Tanager Unit of Orinda was represented by Mrs. Frank L. Walker, hostess with the Mesdames Ernest Starkman and Vern Huddelson of Orinda, and W. C. McIntosh of Walnut Creek. A large party from the Mary Doyle Unit included Danville and Diabloans Mesdames Hugh H. Gordon, James C. Stone, F. E. Evans, Glen Gibbs, C. A. Haymer, W. Christensen, David Humphrey, George C. Riser, J. A. Graham, Chester H. Gillig Jr., R. S. White, Edward McIntosh, Ridgeway Woodhaven, Wiedeman Chadite and Harold R. Apgar which appeared to be the longest table in the room.

Enjoying Sather Gate fashions modeled intermittently during luncheon were Mrs. George McAuliffe of Lafayette, hostess, whose group comprised Mesdames Norman Sandag, Neal Campbell, Alex Traffey, Thomas Jacobson Jr., all of Lafayette.

Another pair were Mrs. Carl J. Mariso of Walnut Creek who arrived with Mrs. Fred M. Gore of Concord. Pleasant Hill partygoers attending for the Therapy Center were Mesdames Eugene Ingalls, Carroll Canty, Fred Blumberg, Charles Bowers, Richard Dole, Charles W. Radcliffee and G. H. Burns, Jr. while more Walnut Creek luncheon guests included the Mesdames Kenneth P. Moyle, R. A. Malgren, James M. Turner, Glen W. Kent and Robert M. Kuhn.

One of the largest tables was occupied by fashion-minded Lafayetteans including Mesdames A. N. Warburton, Jr., Alex Farrell, Ralph Legon, Robert Steven, William Harris, D. M. Falconer, Hal Jensen, Robert Onderhill, William G. Jeffrey, S. L. Sibley.

According to Mrs. Charles Benjoy of Alamo, administrator, the Mount Diablo Therapy Center stands a pretty good chance of copping the Claremont's $50 prize award to the non-profit group having the largest attendance at the Wednesday fashion functions.

Newcomers Club Honors Officers

Mrs. Irvin Holmgren was hostess for the May meeting of the Newcomers Club of Orinda. After desert and coffee, the group welcomed several newcomers, and then held an installation of officers.

Past president, Mrs. John Bishop, handed the gavel over to the new president, Mrs. Arthur Flanagan, whose executive committee includes: Vice president, Mrs. Harold Scott; secretary, Mrs. Marvin Yost; and treasurer, Mrs. Wilfred Clearman.

Also installed were the standing committee chairmen: Membership, Mrs. Lester Chaney; activities, Mrs. Florence Scott; social, Mrs. John Hallenbeck; publiicity, Mrs. Kenneth Wilde; and telephone, Mrs. Jules Harrah.

After the installation, plans were discussed for the next year's agenda.

Following the meeting, Frank Mancini of the Rihmond Travel Bureau, took the group on an exotic tour of Mexico and South America, via motion pictures.

The Newcomers Club of Orinda is a growing group, and is a social club. It participates in bridge and many other hobbies. The club is open to any newcomer to Orinda with the past year. Those who wish to attend, may call Mrs. Lester Chaney, at DR 6-4648.

The engaged couple met at East Contra Costa Junior College, where the groom is in engineering. They plan to make their home in Danville.

Red Cross Annual Dinner Canceled

Due to the sudden death of Ted Counter, chairman of the Mt. Diablo Chapter of the American Red Cross, the annual dinner planned for Tuesday will not be held.

In its place there will be a regular annual meeting at the chapter house in Walnut Creek Tuesday at 2:30 p.m.

Positive, Negative Shapes Illuminate, Mystify Lookers

When Mort Blake of the Photo Center, Walnut Cerek, talked with Lyle Lund of Lafayette about a "mural" to enhance the entrance to his store, Mort said, "Do it any way you like."

Mort was thinking about maybe a landscape scene and some commanding figure in the center, maybe an historical figure. Like other places have, you know.

But Lyle, who has nearly completed requirements for a Master of Arts Degree, University of California, took Mort at his word.

THE RESULT is what you see just to the right of the entrance. The store has been set back according to city requirements for new buildings, leaving considerable wall space for a painting.

The first impression for some observers is that someone must have fired large caliber artillery shells at the painting, since there are gaping holes in it which the artist terms, "negative shapes."

The next impression depends upon the individual, and for that reason Mr. Lund has neglected to either name or identify his creative work.

"I have a certain feeling or emotion when I did the work, but if I gave it some sort of a name, I would be limiting the experience of the viewer, and this I do not want to do," Lund said.

YOU SHOULD just relax and look at it. For me to tie things down with a title and my own description works against aesthetic experience," he added.

In a purely quantitative sense, the painting has brilliant colors, mounted not on canvas or wood, but upon wires strung closely together, and fibreglas mat, so that there is a color effect not only from the front but from the back as well.

There are aluminum splashings and a plastic substance in the paints which makes it durable in the adverse outdoor weather.

Lund said, "My own concepts develop from the particular format used for the painting. And my sense of rightness develops from the demands existing at that time."

Layman's translation: See it yourself. Then tell me.

Lyle Lund lives on Jonas Hill Road, Lafayette with his wife, Alverus, and three children. He is employed by a landscape architects firm in San Francisco.

Lund was born in Utah, but has lived in the Bay Area since he was 10 years old.

Dystrophy Group Meet

Mayor J. P. Kenny of Richmond opened the annual meeting of the Contra Costa County chapter of Muscular Dystrophy Associations of America, Inc. recently in the Bermuda Room of Richmond Civic Auditorium.

Transit Board Meet

The Alameda-Contra Costa Transit District will publish a brochure explaining the district's organizations, operation and an outline of future plans.

Directors approved spending up to $1000 for 10,000 copies Tuesday night.

President Robert K. Barber appointed directors Clair MacLeod and William Bettencourt to a new public information committee. MacLeod will be chairman.

Christian Science

How spiritual enligthenment brings freedom from the bondage of materialism will be brought out at Christian Science services Sunday.

The Christian Science Churches in this area are located at 22 Orinda Highway, Orinda; 1347 Locust Street, Walnut Creek, and in Concord at the corner of Grant and Park Streets. Christian Science Society of Pleasant Hill holds its services at the Hillcrest Congregational Church on Gregory Lane.

Keynoting the Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the Golden Text from Romans (12:21): "Be not overcome of evil, but overcome with good."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (227:24-26): "Citizens of the world, accept the 'glorious liberty of the children of God,' and be free! This is your divine right."

Scriptural readings will include the following from Romans (13: 12): "The night is far spent, the day is at hand: let us therefore cast off the works of darkness, and let us put on the armour of light."

District Nurses Have Meeting

Members of the California State Nurses Association, District 33, Contra Costa County, held their regular meeting May 20, at Brookside Hospital.

A brief talk cncerning the Judicial system of Contra Costa County was given by Judge Thomas Fraga of Martinez.

"Monganga," a full collor film enthusiastically viewed by the on missionary medicine was group. "Monganga," the native word for "doctor," was filmed in Lotumbe, a remote village in the Belgian Congo. It is an absorbing account of the work of Dr. John Ross, a dedicated missionary who has devoted many years to bring the benefits of his scientific knowledge to a disease-ridden people in primitive Africa.

Local Square Dance Caller Is Folk Dance 'Missionary'

Bill Castner, caller for the Lafayette Square Shooters, has had ample opportunity to compare Contra Costa County with other sections of the United States.

He has called dances from one coast of the country to the other and has even guided the gyrations of square dance groups both north and south of our national borders.

That he has chosen to do his future living, working and calling in the Lafayette area is just one more testimony to the attractions of the town.

The Square Shooters, who are sponsored by the Lafayette Recreation Department, meet in Lafayette School every Tuesday at 8 p.m. The members of the group have been Bill's personal concern from the time a few months age when he started them as rank beginners to the recent graduation ceremonies held to celebrate their mastery of square dance basics. Nor have his guidance and interest ended there.

Having made the transition from beginner's class to square dance club, the Square Shooters are not actively inviting new members and laying plans for a new beginner's class to swell their ranks.

Interested people are invited to visit the class on any Tuesday evening (Lafayette School Auditorium) or get information about it by calling ATlantic 4-4276.

The almost universal appeal of square dancing as a source of relaxation and enjoyment is suggested by the range of Bill's travels, by the different circumstances under which he has called dances and by the widely varied backgrounds of the people he has met in his square dance career.

The president of the club is a heavy-duty equipment operator, the vice-president is dean of boys in a local high school, the general membership includes mathematician, a carpenter, an electronics engineer, a plumber, a financial analyst, a trucker, a manufacturer, and a variety of other callings ranging from the most sedentary to the most active.

For all these people, square dancing provides a refreshing break from everyday routine. For all of them, it combines the physical appeal of rhythmic motion, the esthetic appeal of kaleidoscopic dance formations outlined in swirling skirts, the personal appeal of fun-filled friendships, and the intellectual appeal of learning the basically simple underlying the seemingly complex.

For, to the beginner's amazement, the dance formations that seem so formidably intricate are revealed by his first few lessons to be compounded of the simplest possible basics: "Swing your partner," "Allemande left," "Grand right and left," See-saw round," "Dos-a-dos," and a handful of others. Having mastered these, the rest is practice.

Caller Castner has made records with themes as ancient as the old English ballad, "Jolly is the Miller" and as modern as the popular hit-parade favorite "Sugartime"; they commemorate 'the Irish nationalism of "The Wearing of the Green" and the diversity of regions and emo- "Jambalaya" and "Steel Guitar Rag."

More eloquent testimony than records or travels to Bill's prowess in spreading the square dance gospel, however, is the comment of a converted non-dancer, a Square Shooter whose wife had been after him to learn to dance for seventeen years. "Why didn't you tell me it was fun?" he was heard to complain. "We counld have been dancing all this time."

Square Dance Classes Open

Registration is still open for an adults' beginning square dance class, being sponsored by Bill Castner's Lafayette Square Shooters.

Lessons began May 6, with six squares of club members and beginners dancing together to the calling of Bill Castner, Chuck Keist and Dave Beyers.

Classes are held at Lafayette School Auditorium Tuesday nights at 8. For information call AT 4-4276 .

Acalanes Class Sets Reunion

On Saturday evening, June 7, the Class of '48 of Acalanes High School, will hold their class reunion at the Elks Club in Walnut Creek.

Reservations are soon to be closed and everyone is urged to act promptly and to contact Mrs. Carol Bargones Johnson, 3096 Cafeto Drive, Concord, YE 5-6551.

The committee is hoping that this reunion will be a big success and it will only be as big and successful as the class members make it.

PLATFORM: I pledge to work for the people, for the governing body, and for the members of the department with fairness to all and favoritism to none.

We're doing our best to help ourselves

A statement dealing with the fundamentals of running a railroad

You probably have heard or read a good deal lately about the troubles of the railroad industry . . . regulative, competitive, legislative . . . and depressive.

You can be helpful . . . and we will be grateful . . . if you will add your voice to others who are asking for fair, non-political treatment of the railroads, such as is recommended in the report of the Senate Committee headed by Senator Smathers (and proposed in Senate Bill S. 3778).

But in the meantime...

We want you to know that Southern Pacific is doing its very best to help itself.

We try to operate as a sound, going concern, in our own interest and in yours. This involves reducing operating costs. At times, and particularly now, this requires severe economies.

We are also trying to get rid of those passenger trains that are little used, serve no useful purpose, and cause huge out-of-pocket losses. We have just discontinued one train that cost us $1,800 a day and brought in only $12 a day in revenue. Such efforts bring criticism, but we think this policy is best for shippers, and in the long run for travelers who actually use trains.

We are trying to adjust our freight rates so as to regain business that has been lost and also act as an incentive to develop new traffic. Some shippers are pleased and sometimes others object.

It's easier to say "Yes" than it is to say "No." We'd like to please everyone but that just doesn't seem possible.

The best policy we think, and the one we try to follow, is to bring the greatest good to the greatest number and at the same time keep solvent.

It should be obvious to regulatory commissions, and to thoughtful shippers and travelers, that a solvent railroad is much better able to serve its territory well than a weak, money-losing one.

D. J. RUSSELL
President

We operate in large figures, but it is the relationship between income and outgo that counts, whether a business is large or small.

The same principles of carrying on a business apply whether you are running a railroad or a peanut stand.

Surprise! Life Can Be Beautiful, in Some Ways!

Occasionaly there comes a time when the editorial space of a newspaper can be devoted to a backward look at accomplishments.

This is a pleasant change for the editorial writer, and probably for the readers too, because the usual tenor of the editorials is to point out grievous wrongs (either real or imagined) and to preach (just a litle bit) about the necessity for immediate correction.

This attitude, we think, comes under the heading of "A Good Thing," because a needle of some sort is, unfortunately, a necessity in this life.

We all have to be prodded, both at home (get out and mow that lawn, Henry), and at work, ("You mean you haven't done that YET . . .")

This seems to keep the old ball on which we live turning, turning, and we all seem to be surviving the rigors of life in Central Contra Costa.

WE ADMIT THAT The Sun has taken part in the prodding process over the past years, and we're pleased to look at the results of what can truly be called "A community effort."

Community groups, plus hard-working individuals, who will coordinate, can get things done.

A case in point is the Lafayette-Orinda freeway link. The Diablo Highway Federation, chambers of commerce, and many, many individuals got behind that particular effort and PUSHED, and now it is a reality. Construction will soon be started and one of our worst bottlenecks will be only a memory.

It was not the politicians who got this particular effort accomplished . . . it was the people, individuals and groups, who made their wishes known, wrote letters, attended meetings, and eventually, met with success.

Another example of cooperation and protracted effort on the part of a smoothly functioning group is the recent court battle against Greyhound which was won by the commuters of Contra Costa County and Marin County.

In a fight to keep commute rates at a realistic level, by not allowing Greyhound to operate a special rate structure for commute buses only, instead of one over-all rate schedule which is not discriminatory against commuters.

IN ORDER TO achieve their aims, the Contra Costa Commuters Association and the Marine County Commuters Association joined forces, hired legal representation to appear before the Interstate Commerce Commission and the Public Utilities Commission.

To fight an adverse ruling by the ICC, the commuters took the battle to a special federal three-judge appelate court, and then to the United States Supreme Court, where they finally won their fight—at least temporarily.

But this, again, is an example of what cooperation and community effort can do.

Incidentally, the county should be commended also for the financial support it provided, although it took no part in the legal battle itself.

So, here are two examples, with the results in black and white, that organized community efforts ARE effective.

IT'S PLEASANT, once in a while, to sit back and pat the hundreds of fine people who have worked so hard to see that our area remains the way we want it, and who are willing to give of time and ability to work with others to see that we do not get stepped on at every turn of the road.

It's proof, again, that we don't just have to sit by and shrug our shoulders and say: "Aw shucks, I can't do anything about that, so why try."

Next time, try . . . it gets results, by golly!

The Staff Corner

Canine Confidential . . .

By FRED HILL

Ever meet a guy around town who was almost eaten by cannibals, stowed away on a ship and wound up in Contra Costa County? You know, that guy that's always talking about free love.

If you haven't, I would like you to meet my friend George Higgins of Orinda. Occupation: dog.

I am certain of some of the facts in the interview because they were first reported to me by George's owner, J. E. Higgins, a Berkeley food broker and man of unimpeachable honesty.

WHEN GEORGE WAS first missing from home, Mr. Higgins came into the office to place a lost dog ad. He told me that George is a half-breed Dachshund-terrier, a variety native to the Philippines, where his short legs and chunky body make him a sought-after item for the dinner table.

There the local gourmets raise dogs like George, fatten them up, and then one day — into the Hotpoint.

Fortunately, some sailors rescued George and brought him to the states, where he eventually became the pet of the Higgenses, staying with them for no less than the past 12 years.

When I found George was missing, I launched a one-man search and eventually found him reclining against one of the neighborhood ashcans, picking his teeth.

Here is our conversation, as best I can remember it:

"George, don't you think you owe it to your family to return?"

"You got me all wrong, buddy. I'm headin' back, but after 12 years in one place . . . well, you know, a guy owes it to himself to get around a little. Besides, I had some lady friends to see."

"How'd you wind up here, George?"

"Well, the boss was coming into town, so I quick like stashed myself behind the seat of the car . . . see. He hiked into a hardware store, and I pulled a fade. It was a cinch worming out the window."

"I have a feeling there's something you're not telling me, George."

"You mean this," he said, producing the can from behind his back "Woofies — hundred per cent stuff. I'm hooked."

"You mean . . ."

"You got it, Buster. Somebody laid some of it on me when I was a pup. I liked it. A litle bit at a time, and before I knew it I had a monkey on my back. I know it ain't the kibbles, maybe it's the monosodium glutimate. It makes me HOWL."

"So to satisfy this evil habit . . ."

"I slip out. A few people know I'm on dog food. A dog's gotta be a good con man, anyway, so I stand around and look doleful and give 'em the tail-wagging bit."

"How did you acquire this insatiable craving?"

"Basic insecurity, I guess . . . how would you feel if you saw half your family hanging head down from the hook in the corner butcher shop? It shook my faith in people."

"You dislike people?"

"Some of 'em, mainly guv'ment operators. I used to mostly hate postmen, till I tasted the first one. I don't do that anymore, though. Now I just charge at 'em, bare my choppers, and then flash a toothy smile. They get the drift."

"Ever have any run-ins with the law?"

"Not yet . . . but you never can tell. I'm here without a visa, you know."

"But you plan on returning home?"

"Ya, I'm headed back now. I make the folks pretty happy, especially the kids and . . . well, I hate to admit it, but I guess I got a soft spot in my heart."

'George, it's a dog's life."

"You ain't just a woofin', scribbler. Dig you later . . . gotta make tracks."

Sun Strokes

Ferry Boats, Key Trains, Pat Pending Now History

Well readers (both of you) this will by last column for The Sun Papers. I'm being transferred to the Deep South from whence I came (Los Angeles). I've enjoyed writing SUN STROKES for the past 12 months and can only hope that, perhaps, you may have gotten a laugh or two out of it.

PAT PENDING is, of course, a psuedonym and I think we'll just leave it that way. If at all possible, I should like to continue writing the alleged humorous column, but it would be impossible for me to be cognizant of local fun and shenanigans while living 400 miles away. Herman Silverman, Editor and Publisher, wants to keep the features as local as possible and he's right.

★ ★ ★

Before I go, here's some parting advice:

When you go to Bay Meadows or Tanforan don't bet on a horse just because you think it has a nice name.

I made that mistake once in Caliente (en Baja, California). The horses name was "Sentry." He got stuck in the starting gate. Later, in the Army, I found that a sentry never leaves his post! Anyway, I lost all my money and had to sleep in the stables that night with the nags. The next morning, when I awakened, I had bronco pneumonia!

And don't fail to support your a-Mays-ing Giants. Maybe they'll up and win you Northerners a pennant and part of the World Series will be played in the City by the Golden Gate. Being a native of Los Angeles, I had hoped to see the Dodgers do better and maybe they will (if they don't get ravined out!). There's still some 125 games to play during the regular season and the Dodgers just might make things interesting yet.

DON'T FORGET to cast your vote in the coming election and be sure that your choice of candidate and issue will benefit all of Contra Costa county.

And try and be objective in your feelings concerning water for southern California. When I left San Diego seven years ago there were just a few old timers left who could describe an umbrella or knew that rubbers were something other than attendants in a Swedish massage parlor. And the only dew that fell there then was monthly mortgage installments!

I saw fishermen start out to fish in Lake Morena. They sure looked quaint on their camels and wearing dust masks! One fellow had a surplus Navy mine detector and a bug bomb. He was after silverfish! Another chap was a Fish and Game commissioner. He was carrying tuberculosis vaccine. All the fish had to be innoculated because they were devolping lungs! And I saw a large mouth bass picketing the north short of Lake Hodges carrying a sign that read:

"Down with local option, we want this area wet!"

MAYBE THE FISH weren't thirsty but, when you see a man sitting in a boat crying because a gopher grabbed his line and pulled his rod down a hole and a crappie leaps desperately out of the dust trying to catch the tears, WHAT WOULD YOU THINK?

I won't say the lake was dry but I watched a catfish chase a mouse right up to the dam. If this can happen, there isn't much more water around than you can find at a lodge convention (Walnut Creek Elks excepted!)

Lastly, if you are farsighted, hire out as a meter reader for the California Water Company as, I understand, meters are read from 15 feet away without disturbing the cobwebs!

On second thought, buy out the California Water Company. It will save you money, believe me!

The best to you all, always,

PAT PENDING

Letters to The Editor

MARTINEZ "PATRIARCHY"

Dear Editor:

The recent decision of the Contra Costa County Planning Commission regarding the Moraga Plan has raised several questions in my mind:

1) Why did Bestor Robinson, attorney for Utah Construction Co., spend such a long time extolling the architectural and scenic beauties of the proposed Shopping Center UNLESS he was very certain that the Commissioners would accede to his request?

2) How can the Commissioners reconcile the changes from 33 acres to 15 acres to 9 acres if each acreage was "optimum size" for the prophesied density of population which density got correspondingly larger as the Shopping Center got smaller UNLESS the Planning Commission and its very astute planning staff are somewhat uncertain as to what the "optimum size" should be for ANY population density in the Burton Valley?

3) If Supervisor Nielsen can truly be accredited with suggesting the fifty foot planting strip for the Center, then, has the worthy Supervisor long since made up his mind how HE will vote when the issue comes before the Board of Supervisors?

,4) If this same elected Supervisor Nielsen should publicly state—however reluctantly—that he will oppose the recommendations of the Planning Commission for this unwanted Shopping Center, can the worthy Supervisor guarantee his constituents that he will spare no effort to pursuade his supervisoral colleagues to vote in favor of the protestants and thereby keep Burton Valley completely residential? Or will Supervisor Mel Nielsen sacrifice these people by default?

5) In the May 23rd edition of The Sun, Supervisor Nielsen stated: "It will probably be next winter or early spring before the plan comes to us for adoption. Of course, if there are zoning matters concerning an area in the plan, these will be brought to the public's attention beforehand." These two remarks raised several questions all by themselves: Exactly how definite is the tenuous word "probably"? Why state the plan will come "to us for adoption"? Or has the worthy Supervisor already decided that there will be NO revisions, just complete adoption? Is the "area" referred to, the Shopping Center? Finally, HOW LONG beforehand will the public be notified?

6) How long must this battle for REPRESENTATIVE government in the county go on? How long will the patriarcy of Martinez continue to force down the people's throats unpalatable platitudinous pap about doing what is best for the people when thunderous and frequent protests to the contrary are completely ignored? Marie-Antoinette learned a deadly lesson from that attitude! Should political heads be served up on the chargers of recall petitions? Is incorporation the answer to returning to its rightful place the rule of the people by better representation of the will of the people?

I feel that these and other questions can be answered only by the truth, the whole truth, and nothing but the truth, because only upon such truths can a community progressively grow and prosper.

W. E. S. DYER JR.

VOTING FOULUP

Dear Editor:

Thought you woud be interested in the two notices of school elections that I received in the same mail. Somehow it doesn't make sense. I know that I ive in the Lafayette and Acaalnes districts —but evidently have to travel about 15 miles by back road to be able to vote in the proper Junior College Ward.

Frankly, I don't know why it isn't possible to vote at the same place for all school districts—grammar, high and junior college.

In addition, the polls at Briones Valley School are open only from 1 to 4 p.m.—virtually disenfranchising someone who works during the day (uness they work at Briones Valley School).

BOB KAHN

Dear Editor,

Thank you very much for the excellent news coverage and newspaper space you have given the Raggedy Ann group this past year.

Through your assistance in launching our projects we have had a very successful year. Thank you once again for your help.

Under The Sun

Look at the Assembly And Congessional Races

By HERMAN SILVERMAN

Last week-end I had the opportunity to talk to editors from throughout central and northern California. This was during a newspaper tour through the beautiful Feather River country to inspect powerhouses, dams, tunnels being constructed by Pacific Gas and Electric.

Now—not too long ago The Sun opposed PG&E's application for a rate increase. So now—let me give credit where credit is due. The company is doing a wonderful job in its massive construction program. They are working wonders to assure us of enough power to meet our future needs. As far as I could tell, this giant project is being run economically and efficiently.

I used to be a great advocate of public ownership of power and gas utilities. I have since visited PG&E's steam plants and other installations, studied their personnel and methods, analyzed their rates. I am certainly not an expert but I now believe that private utilities, plus careful state regulation, is superior to public ownership of firms such as PG&E and PT&T.

Problems of endorsing

Well, I did wander from my original thought—conversations with editors about endorsing candidates for election. Many papers do not recommend or allot much space to election campaigns. Other papers, usually those with strong editorial policies and solid records for community service, do endorse. Some editors have been doing so for years and do not consider it a problem.

These conversations were good for me because I have been worried about the responsibility entailed in a newspaper recommending candidates. Several of my editor-friends emphasized that a newspaper merely recommends candidates, but the reader must ultimately decide how to vote. The newspaper is not telling them how to vote. It only presents recommendations.

Several editors told me they endorse mostly for the general election in November. This is what we have decided to do, except for the few races that will be decided in next Tuesday's primary elections. Note our recommendations in the first section; I have already stated the reasons for these selections.

In this corner . . .

Someone asked the other day for a prediction on our Congressional race—Incumbent John Baldwin, republican, vs. Orinda's Howard Jewell, young attorney, democrat. I left my crystal ball at home, but I offer these words of wisdom. Challenger Jewell could very well defeat hard-working Baldwin.

This may come as a surprise to you, since we live in a strong republican area. We forget that Contra Costa and Solano counties are democrat strongholds. In fact, two years ago Baldwin defeated Democrat Bob Quinney, Vallejo dentist, by only 14,000 votes. Quinney was a weak candidate and Baldwin had the advantage of running along with the Eisenhower landslide.

This year everyone expects a democratic sweep. And Jewell makes a much better personal appearance than Quinney. He is intelligent, personable and a good speaker. So don't be surprised if things happen in November.

Personally. I have an ever-increasing admiration for John Baldwin. He has grown in stature and ability. He works exceedingly hard and is a congressman to be proud of. He is getting better and better committee assignments as his seniority increases. It is not good to change congressmen too often. They carry little weight in those mighty Halls of Congress when they are freshmen.

Now up in Sacramento . . .

What about the assembly race? Here we have two able young men battling for Don Doyle's position. Their background is quite similar. Republican Sam Conti is an attorney from Pittsburg. Democrat Jerry Waldie is an attorney from Antioch.

The tenth assembly district has a democrat majority. Republican Doyle had the knack of winning labor and democratic votes, which is most unusual. Doyle had this district all wrapped up. It is doubtful that Conti can do the same—and certainly not this early in his years.

Conti will win the regular GOP vote and a strong vote in his hometown, Pittsburg. Waldie will win the regular democrat vote and his hometown, Antioch. With a heavy democrat registration and possibility of a democrat sweep, I'd guess that Waldie has a slight edge. The race will be decided in November, so we have time.

The election is Tuesday. For gosh sakes, let's all vote.

Welcome Wagon Club Hears Talk

The newly-organized Welcome Wagon Club met at the home of Mrs. Samuel Hoover May 1 at 21 Crest Road. Mrs. Robert Smith and Mrs. Allan Gramer served as co-hostesses. The members are newcomers to Lafayette.

The club, like its affiliated clubs throughout the United States, has as its purpose friendship, fun and philanthopy.

Theron Nelson spoke at the meeting and told the members how they could aid the community center which is to be built on St. Mary's Road. The club will consider this and other civic or philanthropical projects before the fall program is set up.

Mrs. Robert Smith will serve as temporary chairman of the group; Mrs. William Messick as recording secretary; Mrs. Terry Lund, telephone committee; Mrs. Robert Arne and Mrs. R. W. Thronton, social activities; Mrs. Dale Fraser, publicity; and Mrs. K. A. Sault, program.

In the fall, yearly officers will be elected and the planned program will get underway.

The June 5 Thursday meeting will be held by the pool at the home of Mrs. Glenn Adamas, 7 Hidden Valley Road, at 11 a.m. Swimming, luncheon, bridge, and other games will be enjoyed by the members and guests.

Anyone interested in the club who has lived in Lafayette a month or less and not recieved a Welcome Wagon call may contact a Welcome Wagon hostess, Mrs. Nickerson, CL 4-3543.

TRUTH ABOUT THE ASSESSOR'S RACE

Open questions to the INCUMBENT COUNTY ASSESSOR, as to why this county received a 35% tax assessment boost while other counties raised much less have gone unanswered—but "DO NOT BE FOOLED" by splashy big ads in the final campaign days by the INCUMBENT which evade the facts.

MARCHI is qualified for the office of COUNTY ASSESSOR because he has 12 years experience as a realtor-appraiser, has Army administrative experience, and was a newspaperman 14 years.

Chill Wills Heads Rodeo Benefit Show for Marines

Chill Wills, old master of the western character actors, is scheduled to headline the coming Navy Relief Rodeo being held in Concord, over the Memorial Day weekend announced Lieutenant Colonel Fraser West, director of the benefit rodeo.

Wills, who last year starred in the motion picture "Giant" with the late Jimmy Dean, will arrive here from his Hollywood headquarters today the day prior to the rodeo, Colonel West said. He will star in a colorful Western show which will be a part of the three-day rodeo proceedings.

In addition to the performance by Chill Wills, the rodeo will feature six big events as well as a trick riding exhibition. The production is set for 2 p.m. daily and will be held at the Mt. Diablo Trail Ride Grounds.

The production, it was revealed, is the first big Western event of its kind staged in Contra Costa County in over 15 years. Contestants from all over California are expected to compete in the show. Some of the toughest broncos and brahama bulls in California, Colonel West reported, are being brought here for the production by Ray Hicks, stock contractor from Auburn.

Advance tickets are being sold at the J. C. Jenny store in Concord, Marc Paul Shoe Store, Concord Shopping Center, the Variety Store at Monte Gardens, Willow Pass Road, Concord, and at the El Monte Shopping Center on Clayton Road, Concord.

Colonel West said tickets also may be obtained by writing Navy Relief Rodeo, NAD, Concord, specifying type of tickets and enclosing check or money order.

Extra Innings Give Pacifica Win Over Rams

The Pacifica Spartans took extra innings to defeat Pleasant Hill last Friday afternoon, doing it in the 9th when picher Lefty Nelson Case rapped out a single to score the winning run for a 6-5 win.

The Spartans had taken a 5-2 lead at the end of three frames only to have Pleasant Hill go for three runs of their own to tie it up in the top of the 4th.

The runs came when Dave Sheperd doubled, Dave Moore was on via an error, a passed ball put Shepherd home, another miscue put Tom Larscheid or first and then Mike Slusser walked. Jim Maples then hit a two-run single.

The Rams two runs in the first came when Bill Locatelli blasted a homer after Slusser had walked

Neither team scored the rest of the way until Case's blow in the bottom of the 9th with the bases loaded.

Case whiffed 5 and walked a like number. The Spartans collected 12 hits off a trio of Ram pitchers.

Pleasant Hill had two errors Pacifica 3.

Batteries: Pacifica, Case and Brady; Pleasant Hill, Cary, Larscheid (2) Barham (4) and Serra-Adams (6).

Van Brocklin Signs Contract With the Eagles

Quarterback Norm Van Brocklin, former Acalanes player, who rose to national fame through his play with Oregon University and then the professional Los Angeles Rams, has just come out of an announced retirement with the report he was traded to the Philadelphia Eagles for two players and their first draft choice in 1959.

Van Brocklin has been a standout in pro ball and is especially noted for his long passing as well as his puting ability.

He held many pro records and played in numerous all-star games.

He is currently residing with his wife and three daughters in Portland, Oregon, where he is in business.

In all probability he will soon be leaving for spring training in late June and local fans will be looking forward to seeing him in action with the Eagles.

Fender Bending Bennett Blazes Pacheco Victory

By JEAN McGUIRE

Cliff Bennett, that hard driving man from Pacheco, took his first win of the season last Saturday night at Contra Costa Speedway. Cliff fought the battle of the second heat, and wound up on top, much to the satisfaction of his followers.

Bennett owns and drives the white and red number 37, sponsored by C and C Auto Wreckers, and has been noticebly improving each time he runs. Also participating in this event were Jack Huddleston, number 25, who came in third, and Bob Newcourt, in the Four Corners Body Shop Special, fifth.

In the Semi Main, Herb Williams in number 28, (you remember The Purple People Eater?) was hit and took a spectacular dive into the cement wall in front of the grandstand.

He was shaken up a little but managed to escape with only a bruised knee and sore ribs. His only comment on the wreck was "If you've gotta do it, do it where they can see you!"

Jack Huddleston was hit by the same car that hit Williams in the next lap, but was able to continue. Also in the Semi Main were Jack Clayton, number 88, who came in fifth, Ronnie Case and Bill Rasset.

Whatever you do, don't miss tomorrow night's race. It promises to be one of the most exciting to date, because of the big 100 LAP MAIN EVENT. The program usually carries only 25 laps, and the cars will need plently of stamina as well as speed to get through the long haul tomorrow night.

Time trials begin at 7 with the first race at 8:15.

DVAL on Top In N. Coast Track Meet

The North Coast meet held at Fremont High of Sunnyvale last Saturday afternoon and night produced some top times and records with the Diablo Valley Athletic Legue copping five firsts —more than any other league.

Dixon Farmer, Miramonte's flash was the ace as he copped three firsts, winning the 180-yard low hurdles in 19.2, taking the broad jump on his last leap at 22-7¾, and winning the 440 when he stopped the clocks at 48.7.

Las Lomas had a pair of winners in Big Dave Weill, who heaved the discus 145-5½ and Art Dalbey who topped the high jumpers at 6-3½.

PALO ALTO wound up in third with 23 points while Las Lomas was fourth with 16.

Mt. Diablo had five points to tie for 14th, Acalanes was 16th with 4½, Pittsburg was tied for 25th with 2 and Alhambra of Martinez was 38th with ½.

Dixon Farmer waived his place in the broadjump—planning to concentrate on the 440 and the low hurdles in the state meet.

Ernie Fox of Acalanes copped a third in the 120 highs, being clocked in 14.7, his best attempt ever.

Mt. Diablo took a third in the relay with anchor man Al Trette moving up from 5th place when he took over the baton to finish in 1:31.5 Berkeley High won in 1:30.

JOHN GALLI of Pittsburg was fourth in the shot at 55-5½.

Alhambra's half-point came when he tied Acalanes' Dave Williamson for fifth in the pole vault at 11-6.

Al Trette of Diablo was 5th in the 100 and also in the 220 to round out the scoring for DVAL contestants.

First three place winners in each event qualify for the state meet at Long Beach.

Football Talks Start at Diablo Valley College

Football is soon to become the topic of discussion on the Campus of Diablo Valley College.

Jack Danilovich, football coach for the Vikings announced that a meeting was called last week for those boys who lanned to return in the fall.

Discussed was the performance of last year and possible improvement for next year's squad. A film was also viewed on the Orange Coast Game of 1957.

Danilovich listed the following as possible returning players in the fall.

Letterman George Darrow, Herb Foster, Mike Hart, Frank Malyn, Dan Owens, Ted Plumb and Myron Robb. Other boys in school who indicate an interest are Dick Nemanick, Bill Mortenson, Gary Arel, and Mike Syzsmanski.

The following is the tentative schedule for Fall 1958.

Knights Edge Dons in 1-0 Clutch Game

THE LAS LOMAS Knights produced a lone run in the clutch last Friday afternoon and it proved to be a big one as they edged the Acalanes Dons 1-0 in a nine-inning thriller which many proclaimed the best prep ball game they ever witnessed.

It was nip and tuck all the way, with top-flight pitching and clutch fielding on the part of both clubs.

The total nine innings took one hour and forty minutes with the first seven frames consuming about an hour and five minutes.

Jeff Beaubien, Las Lomas' junior right-fielder, produced two clutch plays to make the difference.

In the top of the ninth with the score 0-0, Roger Colwell drew a base on balls—went second on a sacrifice bunt and then hit third on a pass ball. Beaubien, at bat had two strikes and a ball when he laid a bunt down the base line to score Colwell.

Pitcher Mike Kritscher threw Beaubien out and then retired the side when Larry Drummond flew out to center.

The Dons drew life and hope when with one down Lou Corso was safe at first. Drummond then bobbled one at short and Mike Kritscher drew a walk.

Two were down when Jim Holden hit to Drummond who foreed Kritscher at second and when the catcher erred and Don Lippert arrived at first to load the bags.

Bill Foley was next at bat and with a one-ball, two-strike count when he hit a drive to right center. Jeff Beaubien, playing right field took it on a dead run with a backhand catch that turned an apparent Don run into a defeat.

Mike Kritscher on the mound for the Dons struck out 6 and walked 4.

Clark Ransome on the hill for the winners pitched steady ball, giving up five hits, and fanning 7. He gave up one base on balls.

The win kept the Knights in the top spot, one full game ahead of the Diablo Red Devils.

Long Beach Track Meet Friday Ends Prep Season

The big and final event of the 1957-58 prep sports season takes place tomorrow, with the state track meet at Long Beach.

The local area has several representatives but eyes for the most part will be on Miramonte's Dixon Farmer who has really come into his own—copping three firsts in the local league meet—then doing it in the Sub Section two weeks ago and only last Friday came away from the North Coast final meet with three firsts again.

In view of the Calibre of competition, Farmer waived his spot in the broad jump and plans to concentrate on the 440 and low hurdles in the state meet.

His best chances in the State appear to be the 440 for a first—although even here competition will be keen and he should be pressed all the way due to the top-flight competition.

No one has really pressed him to date in the 440 and it remains to be seen just how fast he can go. And that applies also to the low hurdles.

OTHER PREP SPORTS have wound up the season with the final ball games being played yesterday — although there is a possibility Mt. Diablo and Las Lomas will play off next week duto an earlier tie game that went into extra innings and was called due to darknes.s

It all depends on whether or not Las Lomas can tie up the title without the playoff.

Council for Retarded Gets Check for $100

Alpha Lamda Chapter of Omega Nu has presented a check for $100 to the Conucil for the Retarded, East Contra Costa County, Inc., according to the sorority charity chairman Mrs. Charles W. Nickel of Concord.

The presentation was made to the Council president Mrs. A. Squeri of Concord, and was earmarked for the Lynn Training Center, a sheltered workshop for young adults.

This Center is engaged in developing such abilities that can make the young people economically useful and socially acceptable within their immediate family and community circles.

It also provides an opportunity for limited earnings from assembly contracts with local manufacturers. The Lynn Training Center along with the Lynn School in Danville for preschool children, is operated on a cooperative basis, with accredited instructors, and from funds donated by members, friends, and various organizations in the community.

This is the second monetary donation made to the Council for Retarded this term by the Alpha Lambda Chapter.

The recent check was the results of donations obtained on a dressed doll and wardrobe which was awarded to Mrs. Wood of 1254 Linden Drive, Concord, according to Mrs. Theodore P. Matthiesen of Pleasant Hill, chairman.

Meadowbrook Fashion Show Is On Thursday

The date of Meadowbrook Golf Club's luncheon fashion show is drawing near. Operating on the theory that the "fun is in the going," co-chairmen Mesdames Charles Alameda and Joseph Barber have planned the event as a fashion cruise aboard the S.S. Meadowbrook. The scheduled departure time for the show, "Passport to Fashion," is Thursday at 12:30 p.m.

An alfresco luncheon will precede the parade of summer fashions at the golf club in Reliez valley. Cocktails in the "ship's saloon" and on "deck" will provide an opportunity for many to make up impromptu luncheon groups. Most of the members have already arranged their parties with Mrs. James D. Clark, ticket chairman, to insure seating preferences.

Mrs. George Young, Jr., for example, has had her group planned since before she embarked herself on a three-week visit to the islands with Mrs. Young. The day of her sailing and bonvoyage party, May 5, Peggy, (Mrs. Young) sent reservations to the club for her guests.

Although twenty members are serving as models in a portion of the show, they have reserved tables for their guests.

Guests will have a real feeling of embarking on a vacation cruise with menus for lunch provided by Matson Lines, with other nautical effects strategically placed to carry the mood. Mrs. Roberts Asche and her committee are providing nautical decorations. Mr. William Zufall has directed much of the special construction required. Large color fashion illustrations by Mrs. Jack Galliano of Lafayette (a non member).

Door prizes were gathered by Mesdames Walden Lapham and William Zufall. Large merhandise certificates and many other gifts will please the guests, but of primary interest will be the mystery trip to be awarded.

All the fashions to be shown are adaptable for summer wear at home or at the club as well as on a vacation voyage. Dress shops in the valley area are providing the ensembles to be show. Mrs. Samuel Wilson is model coordinator for the show. She has chosen the models from among the members of Meadowbrook. They include: Mesdames Arthur Lambert, Clinton Paine, Sidney Lapham, Raymond Palmer, Edward Kerber, Robert Williams, William Peck, Richard Dobson, Daniel Tillotson, Richard Baerseson, Dale Risdon, Joseph Barber, Robert Hurley, Harold Lind, Karl Weinzheimer, Robert Morrison, Frank Begert, James Roberts, William Glueck, and Jack Cochrane.

Mrs. Rodney Leidy has consented to do the commentary of the fashions. Also working with Mesdames Alameda and Barber as committee chairmen are Mesdames Fred Guarneri, (who's menu consists of fried chicken and rice, salad, etc., Jack Kennedy, programes, Kenneth Schwarz, table favors.

No tickets will be sold at the door, but a few last minute reservations may be made through Mrs. Clark at DRake 6-4697, unless the show is an early sell-out.

On The Lighter Side

by INA BLIESNER • YE 4-3818

Gay as butterflys, and just as colorful, were the ladies who trooped into the lovely gardens surrounding the Murray Lehr home in Lafayette last Wednesday to attend the second annual "Butterfly Fete," sponsored by the Child Development Guild of the Children's Hospital.

This was a truly fabulous affair in truly fabulous surroundings. Tables were placed all about the spacious, many leveled lawns, around the large, irregular pool and in the lanais.

Dozens of canvas canopies which were decorated with huge butterflys were artfully arranged for shade and exotic oriental parasols were distributed for the same purpose. The theme was carried out, of course, in the table decorations and programs. An elegant lunch was provided by the Claremont Hotel — everyone RAVED about the cold pressed, stuffed chicken served with a tart aspic and succulent cheese-rice.

When trays loaded with many varieties of french pastries were passed that was the living END!

Kelly green and red-gold hair!

Jacque (Mrs. Murray) Lehr was hostess to a large number of friends and looked exquisite in a kelly green frock which emphasized her gorgeous red-gold hair—a lush purple lei adorned her shoulders. One of her guests, Georginne (Mrs. Les) Malloy, was a stand out in all royal blue—even to her sun glasses. Some interested and interesting spectators were the Mmes. Sherm Sibley, Paul Hammarberg, Don Mulford, Richard Starnes, Edward Bergen, William Scatena, James McCollum, Don Parle White, Phil Knox and Harry Peck.

FUN was provided by Houston Moore, a comic diver, who not only had us in stitches but gasping at his daring. Then the Athens Club entertained with several lovely exhibitions. This was followed by a really top-notch fashion show with various branch members modeling. Virginia Hammond of Orinda provided the costumes which were most outstanding.

And a well-earned trip to Europe

These are happy days in the James Lindsay home in Orinda—for daughter, Susan, has won a coveted prize. Susan, who is a sophomore at Miramonte, is one of four delegates who were chosen by the Pacific Junior ed Cross to represent the seven Western states and Alaska in Europe this summer.

The 23 girls from all over the United States will be on the continent for about six weeks. They will visit in Italy, France, Spain, Gibralter, Switzerland and Belgium where they, of course, will visit the World's Fair.

Susan will fly to Washington where she and the other girls will have the thrill of meeting our beloved President, tour the city and then will fly to New York for more sightseeing before sailing to Europe.

Raves about the Walnut Creek Junior Women's Club's "Fun Frolic" have filled the air. This dance at the Elk's Club, according to my very reliable source, was a BALL! The members were thrilled over the large turnout — due, no doubt, to this affair's "fun" reputation. Music was provided by the "Debonairs" who are earning quite a following these days.

The entrance was enhanced with a large, "arty" tree trimmed with hundreds of pink, blue and white flowers studded with cute bees. Small replicas of the large tree centered each table. From the ceilings hung latticed bells in the same hues. The members presented a hilarious floor show late in the evening.

The acts had the audience in stitches

Some of the acts were "The Shimy Chemise Revue," a "Sad Sack" fashion show which properly heckled the latest styles, a "Lolly Pop Quartet" and the "Pussy Cat Parade". All were great hits.

Spotted here and there were the Floyd Borges, Roger Blacks, Ned Peiranos, George Williams and Dewey Huggards. The Club, last week, presented the same show to mothers of the members and their friends. Guests gathered at the Clubhouse where refreshments were served following the performance.

June 3 new officers will be installed. The new President, Mrs. William Claraty was one of the stars of the "Pussy Cat Parade."

Two weeks ago, Orinda Country Club members, spurred on by Helen and Fred Federighi, played games of duplicate bridge and the evening was such a tremendous success (over 150 were present for dinner and bridge) that this is now an every Wednesday night event.

That first night the north-south winners were Jean and Joe Downs and the east-west winners were Jessie (Mrs. Tom) Carlson and Sonnie (Mrs. Carl) Rank. Celebrations were in order, too, for it was the Federighi's 25th wedding anniversary and Bill McNevin's—birthday.

Rose and John Tiedemann were there as were Marion (Mrs. "Pete") Walker, Dot (Mrs. Perry) Thomas, the Hi Hennings and the Ramsay Underwoods. This last week many of the gals were missing for they had taken off for Diablo Country Club to attend it's Invitational Golf Tournament.

Fore . . . and other golfy comments

The Orinda players dearly love this annual May event for they stay at the Chalet on the Diablo Club's grounds and are entertained, along with members from various Country Clubs, with a delightful dinner etc., etc., etc. Incidentally—very original decorations were used at said dinner.

Each guest was presented with a name tag which was fashioned out of styro-foam in the shape of a golf ball mounted on green net. The table decorations were old-fashioned bouquets which were balanced on pedestals. The ywere made of golf-tees, shiny blue paper and white lace frills. Mrs. Ginger Ward of Diablo was the Chairman and a few Orindans who attended were Peggy (Mrs. Peter) Patch who won the "Low Gross" and Marion (Mrs. Allison) Brooks who won the "Low Net" awards.

Joyce (Mrs. Dan) Carter won her flight. Others enjoying the great outdoors (as well as indoors) were Jean Downs, Alta Sommers, Jill Miller and Becky Bogue. Oh yes! About that duplicate bridge evening. Joe Downs and Tom ay walked off with honors and Jean was informed that perhaps she wasn't so essential after all.

Nell and Fred Costello of Walnut Creek spent several days, recently, in Carmel where they stayed at the La Playa Hotel. One object—a convention, the other FUN and REST. A very special luncheon honored convention wives and one evening the Costellos attended a delightful dinner dance. They arrived home in time to actively help with the Heidi garden party Sunday—more on that next week.

A traditionally lovely dinner . . .

Bobbye and Bill McGuire entertained with one of their traditionally lovely dinner parties Saturday night. Bobbye's mother, Mrs. Lauda Hyde, was spending the week-end at the McGuire's Happy Valley home and was proudly displaying baby, Robbie, to the guests. That boy IS worth displaying, too!

Here at the Mt. Diablo Therapy Center—one of the physical therapists, tall and lovely Dora Cochrane, is high in the clouds. Sunday her engagement to Kalt Grens of Burlingame was announced at her mother's home in Oakland. Mrs. F. C. Cochrane invited around 50 relatives and friends to hear the good news about Dora (a Cal graduate and a Alpha Gamma Delta) and Walt (who majored in mechanical engineering at Cal and was a Phi Beta Kappa). A lovely floral arrangement of pink carnations served as bckground for the lrge white heart edged with rouching which centered the mantel. "Dora and Walt" was written in gold on a pink diagonal band.

Dora chose a dramatic draped print in shades of aqua nd violet. Assisting in entertaining were Dr. and Mrs. Gilbert Cochrane and Mr. and Mrs. Homer Lewis. Many of the guests stayed on to enjoy a buffet supper with the family.

Also on the program will be Mr. and Mrs. Daniel Dewey, co - principals; Marrinette Joyeix, a French exchange student, who has been studying at Anna Head's this past year, will highlight her experiences in this country.

The chairman of the luncheon is Mrs. John Sexson. Her assistants are Mesdames Calvin E. Duncan, Muirson Wright, Francis Hutchens, Kendric Morrish, Augustus Guy, Donald Blessing, Ray Samrdon, Joseph Saduck, Robert Henshaw, and Donald D. Dierkes. Mrs. Robert Mulvaney will be arranging the floral decorations for the luncheon. Reservations may be made with Mrs. Charles T. Hayden, 23 Craig Avenue, Piedmont.

Those who have made early reservations for the luncheon are from all over the Bay Area and East of the Tunnel: Standish Massie, Bruce Howard, Peter Ley, Oliver Hamlin, Clyde Lamborn, Hugh Miller, Sam Abbot, Jr., Thomas M. Cubertson, Fred V. Cummings, and Robert Shertloff.

Christmas Card Sales Planned by Art League

Although it is early to have thoughts of Christmas one one's mind, members of the Art League of the East Bay are very aware of Santa and Snowmen. Today the members in Contra Costa County met at the home of Mrs. Philip Merrill on Spring Hill Road in Lafayette to receive their Christmas card books and enjoy a cup of coffee with the hostess. Present were Hrs. Timothy Colvin, Orinda, Mrs. Harry Franceshi, Decoto, Mrs. Oliver Gardiner, Orinda, Mrs. Oliver D. Hamlin, Lafayette, Mrs. Warren Hudson, Lafayette, Mrs. Robert Jones, Alhambra Valley, Mrs. Grant Kauffman, Walnut Creek, Mrs. Lyle Lund, Lafayette, Mrs. Arthur Sassone, Orinda, Mrs. J. Walter Scammell, Lafayette, Mrs. Karl Schevill, Orinda, Mrs. George Simpson, Orida, Mrs. A. H. Thompson, Jr., Orinda, and Mrs. Trevis Thompson, Orinda.

Members will be selling these attractive cards from now until November. The cards are adapted from the children's work done in the art classes supported by the group at the Junior Center of Art and Science in Mosswood Park, Oakland.

Talented members of the group also have designed cards. This year there will be four sizes of cards, the very large, the medium, the slim jim, and new this year, the popular square miniature. In all there are 18 styles to choose from. As in previous years, there will be a 10% discount on all cards purchased before August 31. Selling these cards will be the only means of raising money for the free art classes at the Center this year.

The last regular meeting of the Art League before this summer will be a swimming party at the home of the vice-president, Mrs. George D. Simpson on Charles Hill Road in Orinda. Her cohostess will be Mrs. Oliver D. Hamlin of Lafayette. Members will bring guests to this meeting and after a short business meeting everyone will enjoy the afternoon around the pool.

Kappa Deltas Give Check to Palsy Society

The Kappa Delta Alumnae Association of Central Contra Costa County recently presented a check for $300 to the Contra Costa Cerebral Palsy Society.

The money will be used by the Society to help provide "Camperships" for cerebral palsied children.

The camp which is located in the Santa Cruz mountains at Boulder Creek, is sponsored by the Easter Seal Society. Students from neighboring colleges act as counselors. Children from 6 to 10 years of age spend one week at the camp; the older ones spend two weeks. While at camp they are taken on hikes and take part in swimming and fishing.

In January of this year the Kappa Deltas presented an additional $100 to the Society. This money, as well as the recent gift, was earned by the Alumnae from a series of candle selling parties which were held in the individual members homes.

FACTS ON OUR WATER NEEDS!
Water consumption in the East Bay is rising at a tremendous rate.
By 1967, Utility District consumers will take every gallon the EBMUD is now able to deliver.
To avoid a water shortage in the future, the Water Development Project for East Bay Area has been readied for action, and your approval at the polls June 3.
Nine years in the planning stage, it will take 10 years of construction to complete, providing a boon to employment with thousands of jobs.
The project will require $252,000,000 in bond issue financing.
The Bond Issue can be financed from EBMUD revenues without increasing taxes or water rates.
A PROVEN RECORD OF TAX CUTS
Since the formation of EBMUD, the tax rate has been reduced from 50 cents to 20 cents. The water rate has been reduced from 25 cents per hundred cubic feet to 20 cents. These reductions have been made in the face of rising costs in almost all other commodities and services paid for by the public.
ENGINEERING & ECONOMIC FEASIBILITY
The Bechtel Corporation and the major bonding houses and banking institutions, in reviewing the Utility District financial picture and future plans for financing the Water Development Project, have concurred that the EBMUD findings are sound. They agree that the Utility District's plans for financing the construction and paying off the new bond issue can be accomplished without any increase in taxes or water service rates.

Acalanes Youths Visit Hospital

Thirty-two students from Acalanes High School in Lafayette heard of the shortage of professional personnel in the hospital field when they visited Children's Hospital of the East Bay, Thursday, May 22, on a vocational field trip.

"Your are lucky today if you enter any of the fields in hospital work, as there is a shortage of almost all professional now," Harold T. Norman, administrator of Children's Hospital, told the students, who ranged from freshmen through seniors.

Norman listed the requirements for becoming a hospital administrator. He then spoke needed for a medical records librarian, speech therapist, laboratory technician, pharmacist, or medical secretary.

Underscoring the need for medical workers, Dr. James L. Dennis, medical director of Children's Hospital, said, "There will be a shortage of doctors by the time you people could go into medicine." Dr. Dennis spoke of the satisfaction of working with children and told the students that training for medicine would take from 10 to 14 years and that "you must want to be a doctor more than anything else if you are going to do it."

Looking at the girls in the classroom, Dr. Dennis added that being a mother is wonderful, too, and that mothers are good allies of pediatricians.

Miss Louise L. Baker, director of nursing, stated that in order to be a nurse one must like people. "If you don't like people when they are well, you won't like them when they are sick," Miss Baker said.

Other speakers included Miss Doris Constenious, chief dietitian, Miss Shirley Leaf, medical social service director; Mrs. Carson Kohle, director of occupational therapy; and Mrs. Kathleen Horr, physical therapist. Each speaker gave the requirements for work in her field, described job opportunities, courses of study, and starting salaries.

Attending the meeting were the following students from Lafayette: Pete Aguirre, Sue Auld, Kathie Barnum, Sharlane Blaise, Jane Church, Helen Dinwiddie, Bobbi Estensen, Ann Evans, Beverly Fagundes, Jane Harmon, Gail Hatrman, Carolyn Jensen, Joann Linville, Valerie Leland, Karen Miller, Judy Shields, Louis Smith, Betty Theile, Stuart White, Lolaine Widel, Barbara Wiseman, and Kendra Wood.

From Orinda came Marilyn Bartlett, Sue Flint, and Carolyn Norris.

Walnut Creek residents included Holly Abbott, Glen Ensminger, Jeggy Hansen, Nancy Kunter, Darlene Marchus, and Bonnie Robinson.

Also attending the meeting was Irmgard Sieber, an exchange student from Austria, who is attending Acalanes High School for one year.

Miss Eva Taylor, R. N., Acalanes High School nurse, accompanied the students to Children's Hospital of the East Bay.

Walker Outlines Judge Proposals

George V. Walker, candidate for Judge of the Walnut Creek Justice Court, this week summarized his aims in the conduct of the Court business.

Among other improvements, Walker, Lafayette attorney and retired Naval Reserve Captain, has proposed that evening traffic Court sessions be provided on several Monday nights each month. In this way, he points out, traffic offenders may appear before the Court without losing time from work and subsequent loss of pay.

The up-grading of the Walnut Creek Justice Court to a more expensive Municipal Court, although not within the province of the Judge to decide, has been opposed by Walker as an unnecessary tax burden at this time.

Walker has repeatedly stated that he will completely discontinue his private law practice.

ONE OF THESE will be the next judge of the Walnut Creek Judicial District. These are the candidates for the post, left to right: George Walker, Terence Ring, Fred Kracke, Jackson Davis, Vernon Patterson, Mrs. Betsy FitzGerald Rahn, Richard Tiedeman, John Forde and Bob Fugazi.

Orin States Ability

Ronald W. Orin, Chief of Police, Concord, and the candidate for Sheriff of Contra Costa County who is not an employee of the Sheriff's office, said:

"We have had ample opportunity in the past 3 years to observe the present Sheriff's inability to provide adequate service and protection to persons and property. Crime rates have increased greatly, and out of proportion to other areas.

"Each of the other candidates must share the responsibility for this inefficiency, as it is their duty to deter crime, render aid and assistance, and protect persons and property in our County. Undoubtedly, a conflict in personalitites between the incumbent and employees of his office has cost the taxpayer of this County many thousands of dollars."

"In my opinion, it is time for the voters to think of the candidate's qualifications and check into each one thoroughly, if the taxpayers are to get the best of services. I am sure the people are no longer going to be fooled by the sign and billboard name spread, obtainable only with big money.

"The art of raising money is not necessarily a good qualification for a Sheriff," Orin stated. "One-man control over a person in office, or any specific group control, does not result in the best of services for the whole County."

Fugazi Denies Other 'Offer'

Robert A. Fugazi, candidate for judge of the Walnut Creek Judicial District, has issued a statement denying the rumor of his withdrawal from the race.

Fugazi said today, "I want to reassure those supporting me that I am most earnestly seeking the judgeship.

"I have neither soutght nor been offered a position in another community. I believe that this rumor is a political tactic designed to undermine my campaign and has absolutely no basis in fact."

Battle Page

McINTOST RALLY

Supporters of Bill McIntosh's candidacy for supervisor of the third district turned out at a rally at the Walnut Creek Sportsmen's Club May 26.

McIntosh told them, "Residents must take more interest in and be better informed on county government to achieve a higher standard. It is up to the voters to insist that constructive Grand Jury recommendations are carried out."

He was also guest of honor in Walnut Creek, Pleasant Hill and Concord homes for afternoon and evening coffee parties.

JEWEL SUPPORT

Co-chairmen of the Pleasant Hill campaign to elect Howard H. Jewel, democratic candidate for Congress in the sixth district, will be Frank Hanrahan and Ben F. Hartinger.

DANVILLE DEMOS

Stung by a recent mailing and by statements in the press, the Danville Democrats through their press secretary, John Saemann, challenged the Republicans to "admit their candidates" part affilliation in brochures mailed to the voters as clearly and as proudly as Howard Jewel and Jerry Waldie, Democratic candidates for congressman and assemblyman respectively, are doing.

The statement accused the various paper-committees purporting to speak as 'Democrats' of trying to mislead the unwary citizen. They neither are affilliated with any Democratic party organization nor were their handful of individuals active in behalf of any recent Democratic candidates.

JEWEL SPEAKS

Howard Jewel, the Democratic candidate for congressman from this district, visited last Wednesday's meeting of the Danville Democrats at the Tarlock Ranch.

Jewel, an Orinda attorney, stated that he purposely did not cross-file and is running as a Democrat in all areas of the sixth district, whether agricultural, industrial or residential.

He said that he is proud of being a Democrat and will identify himself as such in Republican as well as Democratic strongholds.

QUINN SUPPORT

George R. Gordon, chairman of the Contra Costa County committee for the re-election of James H. Quinn, today announced area leaders working in behalf of the veteran board member.

Among those named are Verne Austin, Jack O. Fries, Breck Harrison, Jas. T. Hoey, Phyllis B. Wainwright, and W. L. Wollitz, Josephine Dashiell, John Ormasa, Cyrus C. Miller, Harold Mazel Ivaness, Randall Humble, saunders, Forrest H. Bailey, and Everett F. Johnson of Pleasant Hill.

OLD AGE SUPPORT

The California Citizens Committee for Old Age Pensions has endorsed Congressman John F. Baldwin of Martinez for re-election to the House of Representatives.

The Citizens Committee for Old Age Pensions made this formal endorsement at its statewide convention in Oakland on May 9 and 10. The convention was attended by more than 400 delegates from all portions of the state of California.

Fraga Works at Backlog

Plans to take his vacation in the month of May have been laid aside by Superior Court Judge Thomas F. Fraga in order to devote his full effort to the clearing of a crowded Court calendar.

"Even though he is in the midst of a political campaign which will determine his future on the bench, Judge Fraga has set personal considerations aside in the interest of maintaining full courtroom efficiency," it was reported by Reder Claeys, prominent Richmond businessman.

Claeys is directing activities of the scores of neighborhood committees working for Judge Fraga's re-election.

"Ever since the committees have found that the Judge's vacation plans were dropped, they have been working even harder to assure his re-election. No matter where you go in Contra Costa County today, you will find these committee workers making every possible effort to assure victory Tuesday," Claeys said.

Further indication of strong labor support for the re-election of Judge Fraga came today from Bernice A. Cooper, secretary-treasurer of the Bartenders and Culinary Workers Union, Local 595.

"Everyone who admires strength of character and honesty in public life cannot help but be proud of Judge Fraga's distinguished record," Mrs. Cooper said.

Carl D. Little, president of Local 432, Printing Pressmen and Assistant's Union, today called on union members to "join the mounting tide of support which will re-elect Judge Thomas F. Fraga to Superior Court of Contra Costa County on June 3rd."

ELECTION JUNE 3rd, 1958

Marchus Stands On Ability in Schools Race

"The next few years will be crucial in the Office of the Contra Costa County Superintendent of Schools because of the demands for new kinds of services to our increasingly urbanized local school districts."

Dr. Floyd I. Marchus of Walnut Creek, candidate for the office in the June 3 primary, in making this forecast commented that "not only are the local pressures for service mounting but also the American people as a whole are more demanding of the schools. This I welcome. Improvement follows criticism, not apathy."

The candidate, for the past nine years research director on the county superintendent's staff, said that more requests will be made than the office can fill "because of its fixed income and staff."

County Gets Highway Users Tax Share

Robert C. Kirkwood, State Controller, said today that highway users taxes totaling $24,346,067 were apportioned in April for California counties, cities and the State Highway Fund for expenditure on highways.

Highway users taxes received in March were apportioned in April as follows: counties, $6,088,950; State High Fund for distribution to cities, $2,343,755; and State Highway Fund for expenditure on highways, $15,908,362.

Contra Costa County's share amounted to $126,379.39, Kirkwood said.

The total apportionment for April showed a decrease of $6,653,543, or 21.46 percent over the preceding month. The current total was up $1,403,552, or 6.12 percent, over the amount apportioned in April last year.

Nejedly Pledges 'Full Time' to DA Position

John A. Nejedly candidate to become Contra Costa County's first full-time District Attorney, today publicly thanked the more than 750 citizens whose small individual financial contributions and volunteer efforts have sparked his campaign.

At the same time, Nededly renewed his pledge that, when elected, he will devote all of his energies to public office and entirely abandon his private law practice.

"My supporters have backed my campaign with time and money in order to clean up the mess in the incumbent's office, a mess which the incumbent has failed to clean up in spite of recommendations from the Grand Jury, the Governor, civic councils and other groups," Nejedly declared.

Nejedly decried what he termed "old-time political machine tactics" on the part of the incumbent who has issued a so-called "open letter" to smear Nejedly and hint that "big money" is behind his campaign.

"The fact that more than 400 Contra Costans attended a fund raising dinner to finance the billboards and other campaign materials we have used to acquaint the public with the facts about the incumbent's lucrative private law practice by itself refutes the incumbent's insinuations," Nejedly said.

Nejedly invited Contra Costa citizens interested in getting more facts about the campaign to visit either of his only two campaign offices, donated without charge and manned entirely by volunteers, in Richmond and Walnut Creek.

To queries by the incumbent as to why Nejedly should leave his own good private law practice to seek election to a position that would assertedly pay less money, Nejedly replied:

"The District Attorney's position pays $15,000 annually (not $12,000 as the incumbent avers), plus expenses - and even if I were not intensely interested in public service as a career, I would be well satisfied to serve the taxpayers on a full-time basis for that kind of pay."

Tihs is the first time in 20 years that any candidate has contested an incumbent for the office of District Attorney in Contra Costa County.

Marchi Blasts Assessor on Tax Increase

The voting public is keenly interested in receiving an answer from the Incumbent County Assessor on a question as to "why Contra Costa tax assessments were boosted 35 per cent" when other counties made much smaller raises, it was claimed today by Ernest J. Marchi, Walnut Creek realtor, who is a candidate for the office of County Assessor for the office of Copnty Assessor.

"I have asked the open question in several paid ads,— starting three weeks ago in order to give the Incumbent plently of time to answer," Marchi asserted, "but so far no satisfactory explanation has been made."

Marchi said that he had received many cards and letters from taxpayers complimenting him on his question, but that some taxpayers were open in their declaration that the incumbent was "afraid to answer."

"Because Contra Costa County has had a 71.8 perm cent increase in tax bills per capita in the last five years, I believe the County Assessor should have resisted the State Board's request for a 35 per cent increase in tax assessments to the limit.

"Many other counties fought the order, even going to court to do so, and received smaller raises for their taxpayers, and I want to know why Contra Costa County failed," Marchi went on.

Teeter Endorses Collins for DA

A verteran Contra Costa County official for more than 30 years, D. M. Teeter, County Administrator—today announced that he is urging the re-election of District Attorney Francis W. Collins at the June 3 primary election.

In announcing his support of the incumbent District Attorney, Teeter pointed out that this is the first instance in his long connection with public office, that he has made an endorsement.

"I feel," he said, "that no one in the county knows the tremendous amount of work, the ability and the devotion to this county that is embodied in Mrs. Collins more than I do.

"In the course of our contacts during the years, I have found his advice has unfailingly been right; his preparation of legal documents has never been questioned; his ability to confront and solve the multitude of problems that have confronted this county since he took office, has been amazing.

"Contra Costa County cannot afford to lose the services of public officials as represented by Collins. I can say, without fear of contradition, that he has been one of the highest type, hardest working and conscientious public officials this county has ever had."

Theme of "Tender Trap" Is Bachelor's "Plight"

The sophisticated comedy, "Tender Trap," will be presented by the Diablo Playhouse tomorrow night and next Saturday night, June 7, at the Walnut Creek Receration Center on Civic Drive, at 8:30 p.m.

Tickets for these perfomances, which are part of the Diablo Pageant of Arts program, are available at the box office or at Pageant Headquarters on 250 Petticoat Lane, Walnut Creek, for the donation of $1.

"The Tender Trap" is directed by Leon Dinkin, who is well known in this area, having directed many successful plays with the Intimate Theater, Lafayette Playshop, and Center Stage Players. Dinkin has recently organized the new community theatre group, Diablo Playhouse.

The setting for this three-act comedy is in the New York bachelor apartment of Charlie Reader. Charlie is favored with the attentions of several beautiful women, much to the amazement of his visiting married friend, Joe McCall.

The play pokes fun at suburban living, bachelors, and 35-year-old unmarried women, with plenty of laughs as Charlie fends off the glamour girls.

Big Trout Caught by Schreider

Joe Schreider caught a two-pound, 17½-inch trout during his visit as Walnut Creek Rotary Club member to the Dunsmir Conference, last week.

It was reported that Schreider brought home several top specimens as a result of his "hip boot" activities.

Doug Barrett, son of past president Rowe Barrett, also caught "quite a few fish" and was paid 25 cents for each fish over six inches long by Walnut Creek Rotarian Tony Cvietusa.

A speaker at the conference was Rev. Jim Upshaw of the Walnut Creek Presbysterian Church.

The conference was held for clubs in Rotary District 516.

Rabies Clinics Schedules Are Told by Blum

The County's schedule for low-cost dog immunization clinics was released by the County Health Department.

Dr. H. L. Blum, County Health Officers, said these clinics are being set up to comply with the State's rabies control program for endemic areas.

Contra Costa County was recently declared endemic for rabies with the discovery of three rabid skunks within our boundaries. Two skunks were found in the Mt. Diablo area and one near Glen Fraser in Franklin Canyon.

A fee of $2 for each dog immunization will be charged. Persons bringing their dogs for vaccination should have the exact amount in change. As a convenience to dog owners, returnable envelope-type application forms for County dog licenses will be distributed at these clinics or can be obtained at the County Clerk's office in Martinez or Richmond.

At a later date these forms may be obtained from a veterinarian. Some cities issue dog dicenses and now require a vaccination certificate.

Clinics will be held only in locations listed below. Each location will serve not only the city in which it is located, but the surrounding unicoporated areas.

Demo Women's Club To Hear Talk

The Contra Costa Democratic Women's Club will hold its May meeting tomorrow at the Democratic headquarters, 2125 Salvio Street, Concord, at 10 a.m.

Coffee and doughnuts will be served. Speaker will be Gene Bohan, of the county welfare offices, who will speak on the Current recession and the benefits paid to those facing long jobless periods.

Anyone having rummage to contribute to the club's sale June 14 may contact Mrs. J. C. Stock.

County-wide Rodent Hunt Is Underway

A County-wide rodent survey began today, announced H. L. Blum, M. D., Contra Costa County Health Officer.

"The survey is the result of the many rodent complaints received by the Health Department this year. Complaints have been received to date for El Cerrito, Lafayette, Martinez, Walnut Creek, Concord, El Sobrante, Moraga, Pleasant Hill, Alamo and Danville. In addition, we have received requests for service in the past from the cities of Pittsburg and Antioch," he said.

The Rodent Survey will be carried out by the Sanitation Division of the Health Department. "Our men in the field will be wearing identification badges and the public's cooperation in this effort is solicited," said Dr. Blum.

The Field observations in the Study will take until June 24 to complete.

Survey results will provide the Board of Supervisors with the necessary facts to determine the extent of the danger and enable them to plan for further action on this problem, Blum noted.

"Brief investigations," the Health Officer stated "reveal the presence of rats in wide belts of unincorporated areas and in many citizens in unusual numbers." Citizens may be of further assistance by reporting any further rodent complaints to the Sanitation Division, 1111 Ward Street, Martinez, phone Martinez 3000, extension 531, Dr. Blum concluded.

O. J. Wohlgemuth, past president of the Contra Costa Junior College District governing board, is in Kaiser Foundation Hospital, Walnut Creek, where he is progressing satisfactorily after suffering a heart attack recently while attending a meeting.

Doctors have advised the Ygnacio Valley resident that he will probably be confined to his home for approximately six weeks after his release from the hospital. which will be in another week or ten days.

Wohlgemuth, who is a leader in the Bay area bakery field, is regarded as the father of the junior college district, having served as chairman of the committee that worked for its formation. He was appointed to the original board in 1949, and has been returned by the electorate each term since then.

He is a member of the California and Contra Costa Historical Societies, the Walnut Creek Area Chamber of Commerce, Walnut Growers Association and Contra Costa Farm Bureau as well as the Ritary club and Alamo Lodge of Masons.
